Explanatory information is included in the Council agenda packet regarding these items and any contingencies are part of the approval.

II. EXECUTIVE SESSION

Certain City-related matters may need to be discussed confidentially as a matter of law subject to applicable legal requirements; the Council may enter executive session to discuss such matters. **ACTION ITEM**

III. PUBLIC HEARINGS

Items listed as public hearings allow citizen comment on the subject matter before the Council. Residents or visitors wishing to comment upon the item before the Council should follow the procedural steps. In order to testify, individuals must sign up in advance, providing sufficient information to allow the Clerk to properly record their testimony in the official record of the City Council. Hearing procedures call for presentation by the applicant, submission of information from City staff, followed by public testimony. **ACTION ITEM**

IV. ENGINEER'S REPORT

Mayor Everhart explained there is an issue with the filtration in the RO system. There is a meeting with DEQ tomorrow to discuss and produce a solution for repair to get it back online.

V. ORDINANCES AND RESOLUTIONS

Ordinances and resolutions are formal measures considered by the City Council to implement policy which the Council has considered. Resolutions govern internal matters to establish fees and charges pursuant to existing ordinances. Ordinances are laws which govern general public conduct. Certain procedures must be followed in the adoption of both ordinances and resolutions; state law often establishes those requirements. **ACTION ITEM**

VI. OLD BUSINESS

A. PROPERTY SWAP WITH SECOR

No new information.

VII. NEW BUSINESS

A. BOISE COUNTY & EBCAD WATER SEWER RATES

Alex Gross with Boise County, on behalf of the County Commissioners and EBCAD, explained that with the change in classification for their buildings the water/sewer amounts will throw their budget off. The County is formally requesting that their buildings connected to the City water and sewer system be classified as residential or possibly a lower Government building rate. Gross added that there are a lack of public facilities in most of their buildings and the usage is far less than a

commercial user. Mayor Everhart explained that when coming up with the cities budget those were the figures needed to run the system and if the County bills were adjusted the City may be short on revenue for the budget. Councilor Elliott suggested potentially lowering the rate for the buildings that don't have public services. Clerk Ptak would like to pull the bills in question and look things over to see if there is a possibility of lowering the rate. Mayor Everhart agreed that the bills and budget needed to be looked at before making a decision. Ptak will look things over, and this can be re-evaluated at one of the next meetings.

This section of the agenda is reserved for citizens wishing to address the Council regarding City-related issues that are not on the agenda. Comments related to future public hearings should be held for that public hearing. Repeated comments regarding the same or similar topics previously addressed are out of order and will not be allowed. Persons wishing to speak will have 5 minutes.
