Mathews aye, Elliott aye. Motion carried.

VIII. NEW BUSINESS

A. AREA OF IMPACT **ACTION ITEM**

Mayor Everhart explained that it was brought to his attention that there were new rule changes that a city cannot include in their area of impact unless they have a reasonable expectation of annexation of that area within 5 years. With that knowledge the newly added proposed area of impact was removed, and the city area of impact will remain as it was. Mayor Everhart added that with these new rules would the city need to change its current area of impact. Discussion ensued. City Attorney Callahan explained that it was not necessary to adjust the current area of impact.

XI. MAYOR UPDATES

Mayor Everhart encouraged everyone to come out for the fundraiser. Mayor Everhart also went to the Water District 63 annual meeting and explained it was more geared towards the irrigation districts.

XII. CITIZEN COMMENTS

This section of the agenda is reserved for citizens wishing to address the Council regarding City-related issues that are not on the agenda. To ensure adequate public notice, Idaho Law provides that any item requiring Council action must be placed on the agenda of an upcoming Council meeting, except for emergency circumstances. Comments related to future public hearings should be held for that public hearing. Repeated comments regarding the same or similar topics previously addressed are out of order and will not be allowed. Persons wishing to speak will have 5 minutes. Comments regarding performance by city employees are inappropriate at this time and should be directed to the mayor, either by subsequent appointment or after tonight's meeting, if time permitting.

Trudy Jackson explained that she is meeting with Boise Valley Monument. It is going to be expensive to move headstones in the old section of the cemetery to allow for the tree removal that was previously discussed. Jackson is asking if the city would be able to help with the expense. Discussion ensued. Jackson added that the P&Z meeting was cancelled and asked if someone could help her with moving forward on her RV park plan. City Attorney Callahan explained that her extern is putting together a checklist and guide for the conditional use permit, and suggested that Jackson and herself have a discussion. Jackson also questioned the DEQ fee on one of her accounts. Clerk Ptak explained that the DEQ fee is on all water accounts. Mayor Everhart asked for the information to be compiled and brought to the next meeting. Jackson also

brought up the new RV ordinance and explained the issues she had with it. Discussion ensued. City Attorney Callahan explained that to change the ordinance a request would need to be made with the P&Z commission.

Steve Shay explained that he is with the Boise Snow Mobile Club and they have a scheduled event in February, but with the lack of snow he is unsure if the event will happen. They are considering continuing with the event but moving their check stations into the city and doing a walking poker run to still bring business to the city. Mayor Everhart suggested completing an event checklist to explain the plan and bring that to a council meeting for approval.

It has come to my attention that many of the residents (locals) of Idaho City are unhappy with the service of the Idaho City Police Department. Action items such as traffic stops and citations are the key complaints. Complaints about traffic stops that have surfaced are as follows:

Citations, stops, and warnings that have been given:

Expired driver's license (49-301), headlight out (49-905), no license plate on the front of the vehicle (49-428), speeding (49-654(2)), cell phone (49-1401A), expired license plate (49-428), suspended driver's license (18-8001), etc.

All the listed State of Idaho traffic codes mentioned are items that both Officer Nye and I pull vehicles over for. This also includes ATVs/UTVs and motorcycles. Officer Nye and I make traffic stops based on the violations committed. Other violations such as

Running a stop sign, no turn signals, no trailer lights or plates, not coming to a complete stop when exiting a parking lot or alley, etc. are also traffic violations that we both make stops for.

Officer Nye and I both took an oath that I have here. I will read this out loud. All of the city council as well as the mayor also took an oath like this. This oath does not say that we will uphold the laws just for certain people or demographics. The oath does not say that we will enforce the law but not to the "locals."

The Idaho City Police Department often gives more warnings for traffic violations than we do citations. There are several reasons for this. One, we do not have a quota for citations. Two, both Officer Nye and I have discretion as to whether we give a citation or a warning. The factors can be many, or they can be few.

The Idaho City Police Department has the ability to receive traffic grant mobilizations that focus on items such as speed, distracted driving (cell phones), DUIs, and seat belts. The money we get from the traffic grants ranges between 18,000 and 26,000 per year. All that money comes back into our budget to cover officer wages.

My philosophy as a police officer and as the chief of police for this agency has always been COP, or community-oriented policing. This means that as a police officer, we as Idaho City Police try to have a proactive approach that emphasizes collaboration between police and community members to enhance public safety and address local issues. Both Officer Nye and I have gone out of our way to address issues with those that live within this community. Items such as driving with no license or an expired license, expired license plates, driving with no insurance, public intoxication

and overservice, etc. We often give those that we speak with weeks, if not a few months, to get this addressed, as we know each citizen's situation is different.

Both Officer Nye and I will recheck to make sure things are getting addressed, and if they are not, that is when a stop will take place, and then citations will be issued. Again, as a police officer in Idaho City and a police officer sworn in the state of Idaho, it does not say that we only enforce the laws for some and give the "locals" a pass. I have attempted to invite a few to have sit-down meetings to have an open conversation so that we can come to a common ground. Each time I have been denied, and those who have been invited have refused to meet. This is unfortunate.

As of today, I have advised Officer Nye that the Idaho City Police Department will no longer be giving warnings, and if a traffic stop takes place, a citation will be given. It is not the nature of this department to play favorites, not just give citations to certain people. This has never been the case, nor will it ever be the case. I also know that the majority of the citizens of Idaho City do appreciate the service we provide. The citizens of Idaho City deserve to have proactive policing and officers that are competent and willing to perform the duties of a police officer as they have been sworn to do.

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 2001). The number of people who are obese has increased from 100 million in 1975 to 300 million in 2000 (WHO 2001).

Obesity is a complex condition, and the aetiology is multifactorial. The genetic, environmental and behavioural factors that influence the development of obesity are still poorly understood. However, the prevalence of obesity has increased in many countries, and this increase has been attributed to changes in diet and physical activity (WHO 2001). The prevalence of obesity is highest in developed countries, and it is increasing in developing countries (WHO 2001). The prevalence of obesity is also higher in certain ethnic groups, such as the Pacific Islanders and the African Americans (WHO 2001).

Obesity is a major risk factor for many chronic diseases, including type 2 diabetes, coronary heart disease, stroke, and certain types of cancer (WHO 2001). Obesity is also associated with a number of other health problems, such as sleep apnoea, osteoarthritis, and depression (WHO 2001). The health problems associated with obesity are a major burden on the health care system, and they are a major cause of disability and premature death (WHO 2001).

The aim of this study was to investigate the prevalence of obesity in a sample of the adult population of a large city in the United Kingdom. The study was carried out in 1998, and it was part of a larger study of the health and lifestyle of the adult population of the city. The study was carried out in a large, multi-ethnic population, and it was designed to be representative of the adult population of the city. Subject: Bonneville Collections

Hello Nancy,

Thanks for reaching out today. It was nice meeting you over the phone.

As the for the accounts that will continue to accrue a balance, you will need to choose a write-off date before they can be sent to collections. We can then proceed with collections for the selected period. Any additional fees added to the collection balance must be disclosed in your financial agreement. Please see below for an example.

We would be happy to offer the same 20% commission rate utilized with our other City clients. Although this is entirely at your discretion, most elect to add an additional 25% collection fee to help offset losses. Collections are applied to the full balance first, with your collection fee remitted last.s

I have attached the following:

1. A collection agreement for you to sign and e-mail back to me. Once received, Client Services will create an account for City of Idaho City, and you will receive an email from bonnpay.com with your login credentials for our online portal where you will upload your accounts.
2. Instructions on how to upload your accounts once you receive your login credentials.
3. A financial agreement example that includes a collection fee and attorney fees provision. Feel free to use the exact wording.
4. A list of what we need when you send an account.

As always, let me know if you have any questions or need anything.
