IV. OLD BUSINESS

1. PERSONNEL/COMMUNICABLE DISEASE/SOCIAL MEDIA POLICY- UPDATE

Clerk Ptak explained these policies have been updated but still needed some input from mayor and council. She suggested to the council to schedule a workshop to finish these and other policies on the agenda. They would be able to focus on these items and the policies listed under new business will need to be finished in the very near future to be compliant with DEQ loan requirements. She has quite a few templates to work from and will email them all what she has. All agreed to have a workshop on March 3, 2022, at 5pm at City Hall. This will be a workshop only, no citizens input. Does not require a full council, but it will be posted if all decide to join the workshop. Only discussion and information gathering, these items will not have any final decisions, they will hopefully have them finished in time for council to take action at the next regular meeting.

2. WATER LEAK FORGIVENESS POLICY – UPDATE

See old business No. 1.

3. SHORT TERM RECREATIONAL VEHICLE USE ORDINANCE – UPDATE

Elliott has been sending her ideas to replace some of the conditions on the ordinance with City Attorney Callahan, Elliott has so far liked the updates and feels comfortable sharing these changes with the council. Mayor Everhart has asked for Clerk Ptak and City Attorney Callahan to send the revised ordinance to the rest of the council and put it as an action item on the upcoming agenda.

4. IDAHO CITY FILMING INSIDE CITY LIMITS POLICY - UPDATE

See old business No. 1.

5. IDAHO CITY MEMBERSHIP ENROLLMENT WITH LIFEFLIGHT NETWORK FOR CITY EMPLOYEES **ACTION ITEM**

Clerk Ptak provided the council with the most current budget, there is money in the general funds miscellaneous line item that would cover for this years employee enrollment. They would be able to make an actual line item for the city employees and commission members if they choose to the following years. This would be a great benefit to the current employees and a great incentive to future commission members. She believes she has the required 10 members to fulfill at the reduced rate. Secor made a motion to allow the clerk to move forward with Idaho City Membership Enrollment with Life Flight Network for employees, seconded by Martin. 4 ayes. Mayor Everhart stated this would be a great benefit for the employees and city volunteers.

V. NEW BUSINESS

1. YMC ESTIMATE FOR COMMUNITY HALL HEATING AND COOLING SYSTEM **ACTION ITEM**

Ryan Heffington with YMC Mechanical addressed the council regarding the failing heating and cooling units at community hall. They are older units that are almost nonexistent to getting parts. They have had to use parts from one unit just to make at least one of the units work. As it is right now, they could become a fire hazard. He gave the council a whole system replacement cost estimate of \$16,028.10. They would be able to start right away if council approves. Council asked clerk Ptak if there was room in the budget. The budget has a little in community hall repairs, but the rest would have to come out of general fund miscellaneous or contingency. It is something that has needed to be done for years and the power bill reflects this. Secor mentioned this could probably save some money on the power bills with a more efficient heating and cooling system in place. Secor made a motion to accept the estimate for YMC mechanical in the amount of \$16,028.10 to replace the existing heating and cooling units with new, seconded by Elliott. 4 ayes.

2. LOCAL OPTION TAX PRESENTATION

City Attorney Joan Callahan updated the council regarding an intern she had given the local option tax to research on after the council expressed interest. Doug Plass presented a power point presentation to explaining the overview of Idaho's Local option tax statute, findings by the city council, decisions that will need to be made, what to tax and at what rates, duration of the tax, what is the purpose of the tax, can it be used as property tax relief, reporting and submission process, enforcement process, making it an ordinance and putting it out to the voters, does the city meet the requirements. Mayor Everhart explained to the public in attendance that he wanted to investigate this as an option to have the tourism help pay for the city infrastructure they use and put demand on. The idea is to help take that burden off the citizens as the tourism increases, mainly to the overnight visitors that use hotels, Vrbo, air bnb and short-term rentals. They use our city services such as water and sewer, drive on our streets, the citizens should not have to pay for this extra burden. Council focused on the lodging aspect and what little amount per stay it would cost the consumer, not property owner. Council would like to investigate this further and get a feel of what the citizens feel. Clerk Ptak will help in distributing information and a possible public hearing before getting too deep into this.

6. RECOMMENDATION TO CITY COUNCIL FROM PLANNING AND ZONING ON INTERIM MORATORIUM ON BUILDING PERMITS AND DEVELOPMENT APPLICATIONS REQUIRING NEW CONNECTIONS TO CITY WATER SYSTEM – **ACTION ITEM**

City council reviewed Idaho City planning and Zoning Commission Interim Moratorium on building permits and development applications requiring new connections to city water system with certain exceptions lasting no longer than one (1) year findings of fact, conclusions, and recommendation to the Idaho City Council from a public hearing held February 17, 2022. Based upon the Findings of Fact and Conclusions Planning and Zoning Commission recommends the City Council adopt the proposed Interim Moratorium Ordinance, Declaring an Interim Moratorium on the Issuance of Building Permits and Development Applications that Require or Involve New Connection to the City of Idaho City's Water System for a Period of Not to Exceed One Year Due to Imminent Peril of Public Health, Safety, and Welfare. Elliott asked what this meant for the existing properties in Mores Creek subdivision, it was explained that they were approved prior to the emergency moratorium, and they would be allowed to continue with connections and building permits. She also asked why a year? It was explained that if the city could get the needed water rights before the year is up they would be able to vacate or rescind the moratorium, the one year limit is to allow the council enough time to work with the engineers to either buy from a water rights bank or obtain rights to own. Council will consider the recommendations from planning and zoning when considering adopting the ordinance later in the meeting.

7. REQUEST TO APPEAR ON THE AGENDA – EDWARD DINDINGER – REPEALING AND /OR AMENDING IDAHO CITY ORDINANCES IC CODE 3-1-2 AND 3-1-6 **ACTION ITEM**

Edward Dindinger addressed the council regarding city ordinances that pertain to IC Code 3-1-2 and 3-1-6, business license required and qualifications for business to operate with license. He maintains an office on Montgomery Street, a full-time resident since November of 2019. He is asking the council to consider abolishing the ordinances that refer to codes 3-1-2 and 3-1-6. He stated the city requiring all federal, state, and local law before obtaining a city license is not necessary. Anyone can go online to look up and make sure anyone with a business requiring these permits can be found. He points out that Attorneys especially already must have these in place to practice law. (He is an attorney) He stated it is fantastical for the city to feel they are providing a service to the city by making these businesses have these permits in place before obtaining a license. He does not feel anyone on the city government has the qualifications to judge the professional licenses of any particular business. He stated this reasoning is why to abolish IC code 3-1-6. He has not had to have a business license in Boise in the 4 years he has operated and has never been harassed to do so. To him the business licensing scheme as it is currently laid out in Idaho City is antithetical to the values of this community, making business feel more unwelcome here than in the city of Boise. He also notes the fees collected are not that significant to the overall budget and he does not feel they are an amount the city would need to charge to actually do the work to process. He asks the council to

consider abolishing IC code 3-1-2 and not charging fees for the business licenses. Mayor Everhart thanked him for his presentation but does not feel to abolish business licenses is something the city would want to consider at this time but thinks looking into it might prudent. Elliott also agreed, but also stated the city does not want disreputable businesses coming into town and setting up shop, like a previous tattoo place did. Mayor Everhart also stated the city goes through the same procedure with the liquor licenses and no one would be allowed to sell without the proper state, county licenses before getting the city license. Mayor Everhart also asked why it is erroneous to present the licenses if they are already necessary to conduct business. Secor stated the city has the ordinance in place, it protects the businesses and citizens, so the city will enforce it. Attorney Callahan advised the council that if they wanted to amend the ordinance there would be procedures to follow, public hearing and other directions would need to be followed, this is not something that can be done at this particular meeting. If the council wished to revisit the ordinance, they would want to put it on a future agenda. Mayor Everhart does think looking into the fees might be a good idea, it has been a few years since the city has done so. Clerk Ptak was asked to get some information from other cities our size regarding business fees and have available for the next council meeting.

VI. ORDINANCES AND RESOLUTIONS

Ordinances and resolutions are formal measures considered by the City Council to implement policy which the Council has considered. Resolutions govern internal matters to establish fees and charges pursuant to existing ordinances. Ordinances are laws which govern general public conduct. Certain procedures must be followed in the adoption of both ordinances and resolutions; state law often establishes those requirements. **ACTION ITEM**

1. ORDINANCE 366 INTERIM MORATORIUM ON BUILDING PERMITS AND DEVELOPMENT APPLICATIONS REQUIRING NEW CONNECTIONS TO CITY WATER SYSTEM

Martin hereby moved that pursuant to Section 50-902, Idaho Code, the rule requiring that ordinances be read on three different days, two readings of which may be by title only and one reading of which shall be in full shall be dispensed with and that Ordinance No. 366 be considered immediately, seconded by Elliott. 4 ayes.

Martin hereby moved Ordinance No. 366 now before the council be approved, seconded by Elliott. 3 ayes, Secor nay.

C. PLANNING & ZONING COMMISSION

1. RECOMMENDATION TO CITY COUNCIL ON ZONING AND MAP CORRECTIONS FOR MORES CREEK SUBDIVISION AND AMENDMENT TO ZONING MATRIX FOR TYPES OF STORAGE FACILITIES IN COMMERCIAL ZONES – **ACTION ITEM**

Planning and Zoning administrator Nancy Ptak addressed the council with the recommendation from planning and zoning regarding the map corrections for Mores Creek Subdivision. The lot in question was all of lot 49, following the highway, it was originally approved and recorded to be commercial in 1983, the current map has it residential. Planning and Zoning recommend the council approve the correction and allow corrections in the zoning matrix for types of storage facilities in the zoning matrix.

Attorney Callahan stated no public hearing will be required to amend the map, but since there are annexation approvals coming up, it would be best to change the map once. Public Hearing will tentatively be set for March 23rd to include item No 2.

2. RECOMMENDATION TO CITY COUNCIL ON ZONING UPON ANNEXATION FOR 6 PROFFER LANE – AND SET PUBLIC HEARING **ACTION ITEM**

See previous, discussed during item No. 1.

She would like the city to have more involvement for when the contractors hook up into the city system, there has been a few times it has been done incorrectly and is causing extra work and money spent on supplies to fix these issues.

The streets are in need of pothole repairs, weather permitting, Secor would like them to look into hot mix.
