MINUTES

CALL MEETING TO ORDER Council President Secor called regular city council meeting to order at 6:01 PM
ROLL CALL Clerk Ptak called roll, Heffington, Elliott, Adams, Secor in attendance. Mayor Everhart absent.
PLEDGE OF ALLEGIANCE Council President Secor led pledge of allegiance.

I. CONSENT AGENDA

The consent calendar includes items which require formal Council action, but which are typically routine or not of great controversy. Individual Council members may ask that any specific item be removed from the consent calendar in order that it is discussed in greater detail. Explanatory information is included in the Council agenda packet regarding these items and any contingencies are part of the approval.

A. APPROVAL OF MINUTES: FEBRUARY 22, 2023, **ACTION ITEM**

Council Member Elliott made a motion seconded by Adams to approve the minutes dated February 22, 2023. 4 ayes. Motion carries.

B. IDAHO CITY EVENT CHECKLIST: **ACTION ITEM**

1. GOLD DUST RODEO JUNE 23, 2023, AND JUNE 24, 2023, GOLD DUST ARENA COMMITTEE

Chief Otter asked Tonya Leonard with Gold Dust Rodeo if they were a nonprofit and had a 501C3. Tonya responded no. Otter explained Gold Dust Rodeo needs to contract with law enforcement, pay the fee, and that needs be on their checklist. Elliott inquired on insurance from Farm Bureau. Clerk Ptak responded no, but most of the time it is sent prior to the event. Secor asked Tonya to get with Clerk Ptak to get information regarding law enforcement back so an agreement can be put in place prior to approving the event checklist. Then the alcohol variance could be done and approved contingent on insurance. Tabled until event checklist is updated.

2. IDAHO CITY 100 ENDURO 39TH YEAR JUNE 2, 2023, THROUGH JUNE 4, 2023,

Chief Otter explained everything looked great and most of the event will not happen in the city. Boise Ridge Riders are very professional and have crowd control. Secor added, Scott Trosper is running the event this year because Pete Reynolds is going on a mission for the church. Scott has worked side by side with Pete for the last few years. Secor asked if the checklist is complete. Ptak added that with these big events, they forget that vendors (nonprofit or other) selling items still need to contact the city for vendors permit. This needs to be updated in our event checklist. Elliott made a motion seconded by Adams to approve the Idaho City 100 Enduro 39th year June 2, 2023, through June 4, 2023, contingent on insurance. 4 ayes. Motion carries.

Chief Otter spoke early regarding Law Enforcement updates. Otter explained the event check list needs to be updated. Chili Cook Off didn't have a dedicated ambulance crew even though they said they would, and the event checklist was approved in lieu of it. Otter was able to obtain volunteers to cover the event to be the dedicated ambulance crew. In looking over past events, event sponsors claim to have obtained a dedicated ambulance crew, but they have not, and it has not been done for a few years now. Event checklist needs to be updated and proof documenting that there is a dedicated ambulance crew for the event. Secor added that the city needs to go over the event checklist and make things clearer. Secor suggested some kind of form from

EBCAD (East Boise County Ambulance District). Clerk Ptak added when handing out an event checklist it needed to include vendor permit application and some kind of application from EBCAD or others regarding the dedicated ambulance and security plan. Otter added that it is has been the city's policy in the past to not charge charitable events but to charge for profitable events for law enforcement coverage, and requested some kind of check box on the event checklist showing if they are a nonprofit (501C3) and the number, so his department knows when to charge for services. Law enforcement received a grant through ICRMP for a restraint blanket which can be used in a situation where someone may be having mental issues and normally hand cuffs and leg restraints would be used, the restraint blanket can be used in lieu of. Otter distributed February numbers to council and explained they are the lowest numbers law enforcement has had in some time. Officer Watson is back full time and working under a grant from ITD.

C. BILLS/PAYABLES: FEBRUARY 23,2023 THROUGH MARCH 8, 2023, **ACTION ITEM**

Council President Secor shuddered at the rental cost of the ground thawing heater, but it was absolutely needed, and the city is doing its due diligence. Discussion regarding the cost and how expensive a new ground thawing heater ensued. Council Member Heffington made a motion seconded by Elliott to pay the bills dated February 23,2023 through March 8, 2023, in the amount of \$18,432.78. Heffington aye, Elliott Aye, Adams aye, Secor aye. Motion carries.

II. PUBLIC HEARINGS

Items listed as public hearings allow citizen comment on the subject matter before the Council. Residents or visitors wishing to comment upon the item before the Council should follow the procedural steps. In order to testify, individuals must sign up in advance, providing sufficient information to allow the Clerk to properly record their testimony in the official record of the City Council. Hearing procedures call for presentation by the applicant, submission of information from City staff, followed by public testimony. **ACTION ITEM**

III. ENGINEER'S REPORT

Public Works Director Tami Claus reported Mike Woodworth with Mountain Water Works Engineering has been calling to set up a meeting between himself, Claus, Secor, and Mayor Everhart to discuss the sand separator.

IV. OLD BUSINESS

1. PUBLIC WORKS SHOP HEATER BID

Council Member Heffington explained the proposal from YMC. YMC would be removing the old heater and installing a new heater, run a new flue to bring things up to code, install thermostat, and get things running up to code and under warranty (1 year). Discussion on the price ensued. Is it good, does the city need to shop around? The heater is sized for the shop without insulation and could be used at other locations if needed. The new unit is electric start and more efficient than the current one. Secor asked for the heater bid to be put on the next agenda as an action item.

V. NEW BUSINESS

1. FS CIVIL RIGHTS TRAINING

Clerk Ptak addressed council regarding the Forest Service Civil Rights Training that was emailed to each one of the council members. Encouraged council members to go through the information and then email Clerk Ptak separately saying they have looked at it. At that point Ptak can complete her paperwork and then the city is compliant.

VI. ORDINANCES AND RESOLUTIONS

Ordinances and resolutions are formal measures considered by the City Council to implement policy which the Council has considered. Resolutions govern internal matters to establish fees and charges pursuant to existing ordinances. Ordinances are laws which govern general public conduct. Certain procedures must be followed in the adoption of both ordinances and resolutions; state law often establishes those requirements. **ACTION ITEM**

1. CHRONIC NUISANCE PROPERTY

Clerk Ptak addressed the council; she had gone through some old minutes on Montgomery Street issues to find ownership history. While searching she also found multiple cases of nuisance properties. Many of them were the same thing, same property over and over. Chief Otter got the Nuisance Property doc from Garden City, they have a great website for codes. Ptak can send council the doc in word form so that edits can be made to fit the city's needs. It is not currently in the city's ordinance form or ready for approval. Council needs to go through make edits and approve it and then it can be put in the city's ordinance form and City Attorney Joan Callahan can double check and approve before it comes back to council. Council member Adams had spoken to Chief Otter and Planning and Zoning regarding the nuisance document and there were a few items that should be changed and or updated. Ptak can send the document to Planning & Zoning for input and edits. Secor asked if the nuisance property document would be on the next agenda, and Ptak responded probably not, that all edits from other departments would need to come into the city first.

2. CITY SURPLUS ITEMS

Clerk Ptak addressed council; the city surplus items must be done as a public hearing before having an auction. The city is compiling a list along with Public Works, and asked, at what date would the city like to have the public auction, how long should things be open / posted, and where. Elliott asked when the county does their auction, Secor responded, it is in May located in Gardena. Secor suggested getting in touch with Corbett Auction and or Musick Auction to see about an online auction, process, etc. Discussion regarding public works list items ensued. Ptak hoped that an auction for the items at City Hall could be held sooner rather than later due to needing the room upstairs. Secor suggested the items be moved from City Hall and go to the Public Works Conex Box. Elliott asked if we could have 2 separate auctions. Secor proposed waiting until snow melts for Public Works items so more items can be added to that list. Discussion ensued.

3. AUTHORIZING RECORDS FOR DESTRUCTION 2023-01

Ptak informed the council of the current records to be destroyed, temporary and semi-permanent records, that have already been scanned in. Discussion regarding the destruction schedule and what is kept ensued. Secor made a motion seconded by Adams to approve resolution 2023-01, the destruction of temporary and semi-permanent records. Heffington aye, Elliott aye, Adams aye, Secor aye. Motion carries.

VII. EXECUTIVE SESSION

Certain City-related matters may need to be discussed confidentially as a matter of law subject to applicable legal requirements; the Council may enter executive session to discuss such matters. **ACTION ITEM**

VIII. EMPLOYEE UPDATES

A. PUBLIC WORKS

Public Works Director Tami Claus thanked Council member Secor and Mayor Everhart again for all the time they donated to the city doing city snow removal. Secor added that Claus had broken her thumb a couple days ago while thawing a water line. Discussion on water lines ensued. Nick Mancera has been hired but can't start full-time for a couple weeks. Dallas DeCory has also been hired and will start Monday.

B. LAW ENFORCEMENT

Chief Otter updates given earlier.

C. CLERK/TREASURER'S OFFICE

Water and sewer updates can be removed. Bills were printed today and completed.

1. BUDGET UPDATES

Clerk Ptak presented the budget update for February 2023.

2. ~~WATER AND SEWER UPDATES~~, **ACTION ITEM**

1. OLD LEASES AND AGREEMENT

Clerk Ptak presented a 50-year-old lease agreement that expires 2024 for sewage treatment facilities. Is this still needed? The exact location is unclear and needs to be clarified. Jason Rowe with County Assessor Map Division should be able to point the location out on a map. Still researching many other old lease agreements and hope to have the information at the next meeting. Elliott suggested that going forward lease agreements should be recorded. Discussion on the time and location of the lease agreement ensued.

Clerk Ptak introduced the new Deputy Clerk Kaleb Goodlett.

Public Works Director Tami Claus had more information to update. The clutch needs fixed on the grader, the slave cylinder is leaking and there are 2 options. 1) Replace all the seals and rebuild it herself. 2) Put in a new clutch. Claus opted to replace seals because the new clutch would be \$1000 more than the parts she ordered for only \$400.

D. CITY ATTORNEY

City Attorney Joan Callahan was not present.

IX. COUNCIL UPDATES

Council Member Heffington had no updates. Council Member Elliott mentioned there is a benefit on April 1st if anyone has items to donate. A meeting for the benefit will be on Sunday. Council Member Adams had no update. Council President Secor mentioned fighting the past construction at Mores Creek Crossing regarding the water and sewer lines installed by the previous and current developer are creating constant issues.

Discussion on who would need to spend the money to fix the problems. Tami Claus will make a list of all the repairs that need done. Discussion ensued on water line issues and Secor explained the intersection of Nugget and More Creek needs to be potholed to prove the water main is not deep enough. The code says water lines need to be installed 12 inches below local frost and our local frost is now four and a half feet. Mayor Everhart and Tami Claus have gone above and beyond to keep people with water over there in Mores Creek Crossing.

X. MAYOR UPDATES

XI. CITIZEN COMMENTS

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an EIN. We assigned you EIN 20-3043330. This EIN will identify your business account, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, please use the label IRS provided. If that isn't possible you should use your EIN and complete name and address shown above on all federal tax forms, payments and related correspondence. If this information isn't correct, please correct it using the tear off stub from this notice. Return it to us so we can correct your account. If you use any variation of your name or EIN, doing so could cause a delay in processing and may result in incorrect information in your account. Doing so could result in our assigning you more than one EIN.

If you want to apply to receive a ruling or a determination letter recognizing your organization as tax exempt, and have not already done so, you should file Form 1023/1024, Application for Recognition of Exemption, with the IRS Ohio Key District Office. Publication 557, Tax Exempt Status for Your Organization, is available at most IRS offices and has details on how you can apply.

IMPORTANT REMINDERS:

- * Keep a copy of this notice in your permanent records.
- * Use this EIN and your name exactly as they appear on all your federal tax forms.
- * Refer to this EIN on your tax related correspondence and documents.

Thank you for your cooperation.

**AGREEMENT FOR SHARED SCHEDULING OF THE EVENTS ARENA AT THE
BOISE BASIN COMMUNITY PARK**

This Agreement is entered into on this 26 day of January 2006, between the CITY OF IDAHO CITY (CITY) and the GOLD DUST ARENA COMMITTEE (COMMITTEE), an Idaho Not For Profit Corporation, for the purpose of scheduling events at the Idaho City Event Arena located at the Boise Basin Community Park. The parties agree as follows:

I

The duration of this agreement is for a period of one-year from the above date.

This agreement shall automatically renew for a period of one-year for up to 5 successive years from the date this agreement unless sixty (60) days prior written notice is provided by either party to the other of intent to modify or terminate this agreement on the scheduled anniversary of this agreement.

II

This agreement is for the shared scheduling of the Idaho City Events Arena, including all property and facilities considered part of the Boise Basin Community Park as may be necessary for the staging of Arena events.

In shared cooperation with the City in scheduling of events at the Arena, events are to be "booked" on a first come, first serve basis. The City agrees to direct any and all inquiries by any party interested in scheduling use of the Idaho City Event Arena to the Committee. The Committee agrees to provide the City Clerk with weekly updates of anticipated or scheduled events.

The Committee agrees to professionally and consistently promote the Idaho City Event Arena for the benefit and utilization of the City of Idaho City and Boise County communities. The Committee also agrees to build and maintain a website promoting the Idaho City Event Arena providing 24/7 access to Event Application Forms and daily changes to the calendar of scheduled events.

III

The Committee agrees to assist all applicants with completion of the City Application for Use of the Idaho City Event Arena, including all attachments required by the City

of Idaho City. The Committee agrees to collect and submit the completed application, required attachments, deposit and fees along with vendor applications and fees to the City Clerk for City Council approval before any commitment is made by the Committee to any applicant. The City agrees to provide the Committee with all necessary applications and forms.

The Committee agrees to submit a completed City Application for Use of the Idaho City Events Arena, required attachments, deposit and fee of \$75 per day along with vendor applications and fees to the City Clerk for City Council approval for each Committee event.

IV

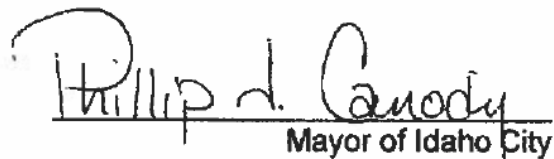

The Committee shall not assign this agreement to any other entity or person.

V

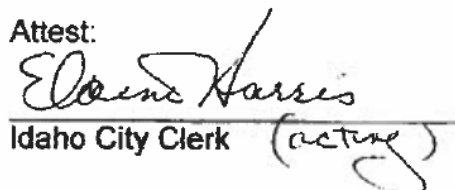

The Committee shall be responsible for all debts and financial obligations incurred by the Committee in promoting any and all events applied for and held by the Committee at the Idaho City Event Arena. The Committee shall have no authority to incur any debt or financial obligation of any sort on behalf of the City as a result of this Agreement.

Dated this day of 26th, 2006

Gold Dust Arena Committee

Mayor of Idaho City

Attest:

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 1996).

There is a growing awareness of the need to improve the nutritional status of the world's population. The United Nations World Food Programme (WFP) has been instrumental in the development of the concept of 'food security' and has been successful in mobilising international attention and resources to address the problem of undernourishment. The WFP's 1996 report, *World Hunger: 12 Years of Progress in Fighting Hunger*, states that 'the world has made significant progress in reducing the number of people who are undernourished' (WFP 1996, p. 1). However, the report also notes that 'the progress has been uneven' and that 'there are still many people who are hungry and malnourished' (WFP 1996, p. 1).

The WFP's 1996 report also notes that 'the number of people who are undernourished has increased from 600 million in 1980 to 800 million in 1990' (WFP 1996, p. 1). This increase is due to a number of factors, including population growth, increasing urbanisation, and the effects of the 1990s economic crisis. The report also notes that 'the number of people who are undernourished has increased from 600 million in 1980 to 800 million in 1990' (WFP 1996, p. 1).

**PROMISSORY NOTE
DRINKING WATER FACILITY LOAN ACCOUNT**

This Promissory Note is executed in conformance with and pursuant to the Drinking Water Loan Contract DW1104 entered into between the City of Idaho City (Borrower) and the State of Idaho, Department of Environmental Quality (DEQ).

For value received, Borrower promises to pay to DEQ the principal amount of two million four hundred thousand (\$2,400,000), plus interest on the unpaid balance at the rate of zero percent (0.0%) per annum. The principal and interest of this note shall be repaid in accordance with the Loan Repayment Schedule, which is attached as Appendix A and hereby incorporated by reference. In addition, the Borrower pledges revenue and income of the Borrower's drinking water treatment facility, whether collected or uncollected, in an amount sufficient to repay all principal and interest. The Borrower pledges to establish and maintain a reserve account equal to eighty thousand dollars (\$80,000). The reserve account will be fully funded within ten years from the date this note is signed with at least ten percent of the reserve account funded each year.

Every payment made on any indebtedness evidenced by this note shall be applied first to interest computed to the effective date of the payment and then to principal. Refunds and extra payments, after payment of interest, will be applied to the installments last to become due under this note and shall not affect the obligation of the Borrower to pay the remaining installments as scheduled herein.

If DEQ at any time assigns this note and insures the payment thereof, the Borrower shall continue to make payments to DEQ as collection agent for the holder. No assignment of this note shall be effective unless the Borrower is notified in writing of the name and address of the assignee. The Borrower shall note in its records the occurrence of such assignment, together with the name and address of the assignee.

Any amount advanced or expended by DEQ for the collection hereof or to preserve or protect any security hereto, or otherwise under the terms of any security or other instrument executed in

Page Two
Promissory Note.

connection with the loan evidenced hereby, at the option of DEQ shall become a part of and bear interest at the same rate as the principal of the debt evidenced hereby and be immediately due and payable by Borrower to DEQ without demand.

This note is given as evidence of a loan to Borrower made or insured by DEQ pursuant to IDAPA 58 Title 1, Chapter 12. This note shall be subject to the present regulations of DEQ and to its future regulations consistent with the express provisions hereof.

Presentment, protest and notice are hereby waived.

Loan payments shall be sent to:

RECEIVED

City of Idaho City
Attn: Ken Everhart
PO Box 130
Idaho City, ID 83631

Dear Mr. Everhart:

Enclosed are two copies of an unsigned right-of-way (ROW) grant (Form 2800-14) for your buried water pipeline ROW, (Boise County) serial number IDI 025370. Please review the document, sign, and date both copies, and return to the address shown above. Upon our receipt of the signed documents, we will issue the ROW grant, absent any other unresolved issues.

The required processing and monitoring fee, per regulations 43 CFR 2804.16, has been waived due to your organization being exempt from processing and monitoring fees. This ROW is also exempt from rental fees per regulations 43 CFR 2806.14 as a Federal, State, or local government.

This ROW grant, and the authority to use the lands described in the document, becomes effective on the date it is signed by an Authorized Officer of Bureau of Land Management. A copy of the ROW grant will be returned to you when signed by the Authorized Officer.

If you have any questions, please contact TJ Meeks, Realty Specialist, at (208) 384-3357.

Sincerely,

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
RIGHT-OF-WAY GRANT

SERIAL NUMBER IDI-025370

1. A right-of-way is hereby granted pursuant to Title V of the Federal Land Policy and Management Act of October 21, 1976 (90 Stat. 2776; 43 U.S.C. 1761).
2. Nature of Interest:
 - a. By this instrument, the Holder:

City of Idaho City
PO Box 130
Idaho City, ID 83631

receives a right to operate, use, maintain, and terminate an underground water pipeline on public lands described as follows:

Boise Meridian, Boise County, Idaho,
T. 6 N., R. 5 E.,
sec. 26, Lot 12.

(as shown on the attached Exhibit A)
 - b. The right-of-way or permit area granted herein for the underground water pipeline is 40 feet wide, +/- 95 feet long, respectively and contains 0.090 acres, more or less.
 - c. This instrument shall terminate on December 31, 2068, unless, prior thereto, it is relinquished, abandoned, terminated, or modified pursuant to the terms and conditions of this instrument or of any applicable Federal law or regulation.
 - d. At the discretion of the authorized officer this instrument may be renewed. If renewed, the right-of-way shall be subject to the regulations existing at the time of renewal and any other terms and conditions that the authorized officer deems necessary to protect the public interest.
 - e. Notwithstanding the expiration of this instrument or any renewal thereof, early relinquishment, abandonment, or termination, the provisions of this instrument, to the extent applicable, shall continue in effect and shall be binding on the holder, its successors, or assigns, until they have fully satisfied the obligations and/or liabilities accruing herein before or on account of the expiration, or prior termination, of the grant.
3. Rental: Exempt- Local Government

For and in consideration of the rights granted, the holder agrees to pay the Bureau of Land Management fair market value rental as determined by the authorized officer unless specifically exempted from such payment by regulation. Provided, however, that the rental may be adjusted by the authorized officer, whenever necessary, to reflect changes in the fair market rental value as determined by the application of sound business management principles, and so far as practicable and feasible, in accordance with comparable commercial practices.
4. Terms and Conditions:

- a. This grant or permit is issued subject to the holder's compliance with all applicable regulations contained in Title 43 Code of Federal Regulations part 2800.
- b. Upon grant termination by the authorized officer, all improvements shall be removed from the public lands within 180 days, or otherwise disposed of as provided in paragraph (4)(d) or as directed by the authorized officer.
- c. Each grant issued for a term of 20 years or more shall, at a minimum, be reviewed by the authorized officer at the end of the 20th year and at regular intervals thereafter not to exceed 10 years. Provided, however, that a right-of-way granted herein may be reviewed at any time deemed necessary by the authorized officer.
- d. The stipulations, plans, maps, or designs set forth in Exhibits A and B dated Feb 8, 2023, attached hereto, are incorporated into and made a part of this grant instrument as fully and effectively as if they were set forth herein in their entirety.
- e. Failure of the holder to comply with applicable law or any provision of this right-of-way grant shall constitute grounds for suspension or termination thereof.
- f. The holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public.
- g. The holder shall adhere to proper construction and maintenance techniques to the satisfaction of the authorized officer.

IN WITNESS WHEREOF, The undersigned agrees to the terms and conditions of this right-of-way grant renewal.

Exhibit B – Stipulations

IDI 025370

8 February 2023

General Terms

1. The Holder will indemnify the United States against any liability for damage to life or property arising from the occupancy or use of public lands under this grant or permit.
2. The Authorized Officer may suspend or terminate in whole, or in part, any notice to proceed which has been issued when, in his/her judgment, conditions arise which result in the approved terms and conditions being inadequate to protect the public health and safety or to protect the environment.
3. At least 90 days prior to expiration or relinquishment of the ROW, the Holder will either file a renewal application or contact the Authorized Officer to arrange a joint termination inspection of the ROW. The inspection will be held to agree to an acceptable termination (and rehabilitation) plan. This plan will include, but is not limited to, removal of facilities, drainage structures, or surface material, recontouring, topsoiling, or seeding. The Authorized Officer must approve the plan in writing prior to the Holder's commencement of any termination activities.
4. There is reserved to the Secretary of the Interior, or his/her lawful delegate, the right to grant additional ROWs or permits for compatible uses on, over, under or adjacent to the land involved in this grant.
5. The Holder will notify the Authorized Officer of any change of mailing address within 30 days of such change.
6. Holder will maintain the ROW in a safe, usable condition, as directed by the Authorized Officer.
7. If any emergency repair activity results in disturbance outside the ROW boundary, the Holder will notify the Authorized Officer within 3 days of the occurrence. Upon review, the Authorized Officer may require remediation.
8. The Holder will protect all survey monuments found within the ROW. Survey monuments include, but are not limited to, General Land Office and Bureau of Land Management Cadastral Survey Corners, reference corners, witness points, U.S. Coastal and Geodetic benchmarks and triangulation stations, military control monuments, and recognizable civil (both public and private) survey monuments. In the event of obliteration or disturbance of any of the above, the Holder will immediately report the incident, in writing, to the Authorized Officer and the respective installing authority if known. Where General Land Office or Bureau of Land Management survey monuments or references are obliterated during Holder's operations, the Holder will secure the services of a registered land surveyor or Bureau cadastral surveyor to restore the disturbed monument and references using procedures found in the Manual of Surveying Instructions for the Survey of the Public Lands of the United States, latest edition. The Holder will record such survey in the appropriate county and send a copy to the Authorized Officer. If the Bureau cadastral surveyors or other Federal surveyors are used to restore the disturbed survey monument, the Holder will be responsible for the survey cost.

9. The Holder will permit free and unrestricted public access upon the ROW for all lawful purposes except for those specific areas designated as restricted by the Authorized Officer to protect the public, wildlife, livestock, or facilities constructed within the ROW.
10. As provided in 43 CFR 2807.12(b), the Holder will be strictly liable for any activity or facility associated with the ROW area which the BLM determines presents a foreseeable hazard or risk of damage or injury to the United States as defined in 43 CFR 2807.12(b) 1 through 5.
11. The Holder will not interfere with public land management practices of the BLM or any authorized BLM operators, licensees, agents, or public.
12. No gates, signs, barriers, obstructions, or other impediments are allowed on public lands either within or outside the ROW, unless specifically authorized.

Notice to Proceed

13. The Holder will not initiate any construction or other surface disturbing activities on the ROW, other than routine operation and maintenance or emergency response activities, without prior written authorization from the Authorized Officer. Such authorization will be a written notice to proceed issued by the Authorized Officer. Any notice to proceed will authorize construction or use only as therein expressly stated and only for the particular location or use therein described.

Liability for Idaho State, County, and City Agencies or Entities

14. To the extent allowed by the Idaho Tort Claims Act, Title 6, Chapter 9, Idaho Code, and as limited by Article VII, Section 11 of the Idaho Constitution and Idaho Code §§ 59-1015, -1016, and -1017, the Holder recognizes and agrees that it is liable to the United States for damage to life or property arising from the occupancy or use of public lands under this grant or permit.
15. The Holder recognizes and agrees that it is liable to the United States for damages arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (42 U.S.C. 9601, et seq.) or the Resource Conservation and Recovery Act (42 U.S.C. 6901, et seq.) in accordance with the Idaho Tort Claims Act and as limited by Article VII, Section 11 of the Idaho Constitution and Idaho Code §§ 59-1015, -1016, and -1017 (unless the release or threatened release is wholly unrelated to the right-of-way Holder's activity on the right-of-way, in which case the Holder shall have no liability).

Construction Plans & Operations and Maintenance

16. The Holder will construct, operate, and maintain the facilities, improvements, and structures within the ROW in strict conformity with the plan of development which was approved and made part of the grant on 10/26/1987. Any relocation, additional construction, or use that is not in accord with the approved plan(s) of development, will not be initiated without the prior written approval of the Authorized Officer. A complete copy of the ROW grant, including all stipulations and approved plan(s) of development, will be available for review by the Authorized Officer on the ROW area during construction, operation, and termination. Noncompliance with the above will be grounds for an immediate temporary suspension of activities if it constitutes a threat to public health and safety or the environment.

17. The Holder will conduct all activities associated with the construction, operation, maintenance, and termination of the ROW within the authorized limits of the ROW. If at any time the Holder wishes to reconstruct or relocate any portion of the ROW, or the improvements thereon, in a manner that has been determined to be a substantial deviation, prior written authorization must be obtained from the Authorized Officer.
18. Specific sites as identified by the Authorized Officer (e.g., archaeological sites, areas with threatened and endangered species, or fragile watersheds) where construction equipment and vehicles are not allowed will be clearly marked onsite by the Holder before any construction or surface disturbing activities begin. The Holder will be responsible for assuring that construction personnel are well trained to recognize these markers and understand the equipment movement restrictions involved.
19. Construction or maintenance activities will not be performed during periods when the soil is too wet to adequately support construction equipment. If such equipment creates ruts in excess of 2 inches deep, the soil will be deemed too wet to adequately support construction equipment.
20. Surface disturbing activities will not occur within 1 feet of any stream or riparian area, which will be clearly marked as specified by the Authorized Officer. Any deviation from this requirement will have the prior written approval of the Authorized Officer.
21. Holder will remove only the minimum amount of vegetation and/or topsoil necessary for the construction and/or maintenance of structures and facilities.
22. ROW will be maintained in a sanitary condition at all times; waste materials will be disposed of promptly at an appropriate waste disposal site. 'Waste' is defined as all discarded matter including, but not limited to, human waste, trash, garbage, refuse, oil drums, petroleum products, ash, and equipment that are a result of the Holder's activities.
23. Cut slopes will not be disturbed without prior approval of the Authorized Officer.
24. The Holder will notify the Authorized Officer at least **90** days prior to any non-emergency activities that would cause surface disturbance in the ROW. Surface disturbing activities are not considered routine maintenance. The Authorized Officer will determine if resource inventories, treatments or mitigation are required for the activity. The Holder will be responsible for the cost of inventory, avoidance, treatment or mitigation; including any maintenance-caused damage. The Authorized Officer will determine avoidance, treatment and mitigation measures that are necessary after consulting with the holder.

Access

25. New access roads or cross-country vehicle travel, outside the ROW, will not be permitted without prior written approval by the Authorized Officer. The Holder will obtain a ROW to use any roads outside the ROW that require surface-disturbing repair or maintenance.
26. If snow removal from the road is undertaken, equipment used for snow removal operations will be equipped with shoes to keep the blade 1 inch off the road surface. Holder will take special precautions where the surface of the ground is uneven and at drainage crossings to ensure that equipment blades do not destroy vegetation.

Hazardous Materials and Toxic Substances

27. Holder will comply with the applicable Federal and State Laws and regulations concerning the use of pesticides (i.e. insecticides, herbicides, fungicides, rodenticide, and

other similar substances) in all activities/operations under this grant. Pesticides will be used only in accordance with their registered uses and within the limitations imposed by the Secretary of the Interior. Prior to the use of pesticides, the Holder will obtain from the Authorized Officer written approval of a plan showing the type and quantity of material to be used, pest(s) to be controlled, method of application, location of storage and disposal of containers, and any other information deemed necessary by the Authorized Officer. Pesticides will not be permanently stored on public lands authorized for use under this grant. Applicator(s) will hold a current applicator's license or be under the direct supervision of a licensed applicator.

28. The Holder(s) will comply with all applicable Federal, State and local laws and regulations, existing or hereafter enacted or promulgated, with regard to any Hazardous Material, as defined in this paragraph, that will be used, produced, transported or stored on or within the ROW or any of the ROW facilities, or used in the construction, operation, maintenance or termination of the ROW or any of its facilities. "Hazardous material" means any substance, pollutant or contaminant that is listed as hazardous under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq., as amended, (hereinafter "CERCLA") and its regulations. The definition of hazardous substances under CERCLA includes any "hazardous waste" as defined in the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq., as amended, (hereinafter "RCRA") and its regulations. The term hazardous material also includes any nuclear or byproduct material as defined by the Atomic Energy Act of 1954, 42 U. S. C. § 2011 et seq., as amended. The term does not include petroleum, including crude oil or any fraction thereof that is not otherwise specifically listed or designated as a hazardous substance under CERCLA section 101(14), 42 U.S.C. § 9601(14), nor does the term include natural gas.
29. The Holder agrees to indemnify the United States against any liability arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. § 9601, et seq. or the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq.) on the ROW (unless the release or threatened release is wholly unrelated to the ROW Holder's activity on the ROW). This agreement applies without regard to whether a release is caused by the Holder, its agent, or unrelated third parties.
30. The Holder(s) will comply with the Toxic Substances Control Act of 1976 as amended, 15 U.S.C. § 2601 et seq. (1982) with regards to any toxic substances that are used, generated by or stored on the ROW or on facilities authorized under this ROW grant. (See 40 CFR Part 702-799 and especially, provisions on polychlorinated biphenyls, 40 CFR 761.1-761.193.) Additionally, any release of toxic substances (leaks, spills, etc.) in excess of the reportable quantity established by 40 CFR Part 117 will be reported as required by the Comprehensive Environmental Response, Compensation, and Liability Act, section 102b. A copy of any report required or requested by any Federal agency or State government as a result of a reportable release or spill of any toxic substances will be furnished to the Authorized Officer concurrent with the filing of the reports to the involved Federal agency or State government.
31. The Holder will inform the Authorized Officer within 48 hours of any accidents on Federal lands that require reporting to the Department of Transportation as required by 49 CFR Part 195 (hazardous liquids transported by pipeline).

Fire Prevention and Control

32. When performing construction and maintenance (including emergency repairs) activities during the “closed” fire season (May 10 – October 20), as set by Idaho State Law, Title 38-115, or during any other closed fire season prescribed by the BLM Idaho State Director, the Holder, including those working on their behalf, will equip at least one on-site vehicle with firefighting equipment, including, but not limited to, fire suppression hand tools (i.e. shovels, rakes, Pulaski’s, etc.), a 16-20 pound fire extinguisher, and a sufficient supply of water for initial attack, with a mechanism to effectively spray the water (i.e. backpack pumps, watersprayer, etc.).
33. Within the bounds of the ROW, the Holder will provide and maintain a vegetation clearance of 2 feet around the base of wood poles or other facilities with the potential to catch and/or spread fire.
34. During conditions of extreme fire danger or when the State of Idaho and/or the BLM Idaho State Director issues a fire restriction order, operations will be limited or suspended in specific areas, or additional measures may be required by the Authorized Officer.
35. In accordance with 43 CFR 2805.12(d) (or subsequent revisions), the Holder will do everything reasonable to prevent wildfires on or in the immediate vicinity of the ROW. The Holder will immediately report fires to the BLM Authorized Officer or Fire Dispatch 800-974-2373 and take all necessary fire suppression actions, when safe to do so, with their personnel and equipment on any fires they cause to ignite.
36. During or following initial attack, the Holder will report to the Fire Investigator or BLM Incident Commander and will not enter into the origin area on BLM fires unless given permission to do so.
37. The Holder will collaborate and cooperate with the BLM in its efforts to investigate, suppress and respond to all future wildland fires. The duty to “collaborate” and “cooperate” includes, but is not limited to, the following duties regardless of whether BLM is on the scene:
 - a. The duty to provide the BLM (Authorized Officer or local fire dispatch center) with reasonable and timely notice concerning all wildland fires involving the Holder’s facilities, or discovered during routine operations.
 - b. The duty to share factual information with the BLM concerning the wildland fires, including but not limited to the names of Holder’s employees with knowledge of the incident; and to allow employees to be interviewed by BLM’s investigators regarding factual information relating to a wildland fire.
 - c. The duty to reasonably account for Holder’s actions taken at the scene of a wildland fire.
 - d. The duty to minimize disturbance of potential evidence located on the scene; to properly handle and preserve any evidence collected; to not engage in any destructive testing without BLM’s consent; and to make all evidence available to the BLM in a rapid and timely manner.
 - e. The duty to not hamper the BLM investigation of origin and cause of the wildland fire; and to reasonably assist BLM’s investigation at the scene.
 - f. The duty to provide information concerning the construction, maintenance and/or repairs of any of Holder’s facilities located at or adjacent to a wildland fire.

- g. The duty, during BLM fire suppression efforts: to defer to and follow the instructions of the BLM's incident commander regarding activities within the boundaries of the wildland fire and checking in and out of the wildland fire; and to recognize BLM's primary authority over the scene.

Cultural

- 38. Pursuant to 43 CFR 10, the Holder of this authorization must immediately notify the Authorized Officer, by telephone, with written confirmation, immediately upon the discovery of human remains, funerary items, sacred objects, or objects of cultural patrimony. Further, pursuant to 43 CFR 10.4 (c) and (d), the Holder must stop activities in the vicinity of the discovery and protect it until notified to proceed by the Authorized Officer. The BLM Authorized Officer will determine avoidance, protection or mitigation measures in consultation with the Holder, Idaho State Historic Preservation Officer (SHPO), and affected Tribes. Costs associated with the discovery, evaluation, protection or mitigation of the discovery will be the responsibility of the Holder.
- 39. Any cultural and/or paleontological resource (historic or prehistoric site or object, or fossil) discovered by the Holder, or any persons working on his/her behalf on public or Federal land will be immediately reported to the Authorized Officer. Holder will suspend all operations in the immediate area of such discovery until written authorization to proceed is issued by the Authorized Officer. An evaluation of the discovery will be made by the Authorized Officer to determine appropriate actions to prevent the loss of significant cultural or scientific values. The Holder will be responsible for the cost of evaluation and mitigation, and any decision as to proper avoidance, protection or mitigation measures will be made by the Authorized Officer after consulting with the Holder and others under Section 106 of the National Historic Preservation Act.

Avian Protection

- 40. Operations and maintenance within the ROW will comply with the most current nest management guidelines provided by the U.S. Fish and Wildlife Service (USFWS) as clarified in ID-IB-2010-039, or most recent guidance.
- 41. If proposed maintenance activities are located within one mile of bald or golden eagle nests, the Holder will coordinate with the BLM and the USFWS to determine the likelihood of disturbance and any appropriate measures necessary to comply with the Bald and Golden Eagle Protection Act (16 U.S.C. § 668 et seq.).
- 42. To the extent possible, operations and maintenance activities will be conducted either prior to or following the affected migratory bird nesting season March 15 through June 30 to avoid and/or minimize take of migratory birds as defined in the Migratory Bird Treaty Act (MBTA) of 1918 (16 U.S.C. § 703 et seq.) as amended. If any ground disturbing activities must occur during the nesting season (e.g., soil disturbance or vegetation removal), the Holder will coordinate with the BLM and USFWS to determine appropriate measures to comply with the MBTA.

Plants

- 43. The Holder will be responsible for control of noxious weeds and non-native invasive plants that result from construction, use, or maintenance authorized in the Holder's ROW

- grant. The Holder must coordinate with the Authorized Officer and/or local authorities for acceptable weed control measures (within limits imposed in the grant stipulations) prior to implementing weed treatments.
44. The Holder will use only BLM-approved herbicides and adjuvants, and the applicator(s) will hold a current State of Idaho applicator's license or be under the direct supervision of a licensed applicator.
 45. The Holder will seed all disturbed areas with a seed mixture(s) approved by the Authorized Officer. The seed mixture(s) will be applied in the amounts specified in pounds of pure live seed (PLS)/acre. Seed will be tested and the viability testing of seed will be done in accordance with State law(s) and within 1 months prior to purchase. Commercial seed will be certified "weed free". The seed mixture container will be tagged in accordance with State law(s) and available for inspection by the Authorized Officer.
 46. The Holder will prepare a seedbed by distributing topsoil uniformly as directed by the Authorized Officer to enhance successful germination and seedling establishment to control invasive species.
 47. The Holder may clear brush and remove hazard trees less than 8 inches in Diameter Breast Height (DBH) within the ROW if necessary for operation and maintenance and/or for the health and safety of the Holder and his/her agents. Trees 8 inch DBH or greater within the ROW, and potential hazard trees outside the ROW, will be marked by the Holder. Prior to harvest, hazard trees outside the ROW and trees 8 inch DBH or greater will be verified and measured by the Authorized Officer. Vegetation and timber that is cut remains the property of the Government (43 CFR 2805.15) and may be sold to the Holder for appraised value in accordance with 43 CFR 5400.

Pursuant to Section 512(e) of the Federal Land Policy and Management Act of 1976 (Public Law 115-141), if vegetation or hazard trees have contacted or present an imminent danger of contacting an electric transmission or distribution line from within or adjacent to the ROW, the Holder may prune or remove the vegetation or hazard tree to avoid the disruption of electric service and eliminate immediate fire and safety hazards. In this case, the Holder will notify the local BLM field or district office no later than 1 day after the date of the response to emergency conditions.

48. The Holder will clean equipment, machinery and vehicles that disturb soil or vegetation prior to entry into BLM-managed lands. Cleaning is defined as removal of all dirt, grease, plant parts and material that may carry seeds or plant material from tires, tracks, belly plates, undercarriages, etc. Pressure washing is recommended. To the extent practical, the Holder will avoid or minimize travel through or parking in areas infested with noxious weeds to avoid spreading seeds or plant parts. At the BLM's discretion, equipment, machinery, and vehicles may be inspected prior to entry onto BLM-managed lands.

Water Rights

49. In exchange for this authorization, the Holder agrees that, in obtaining the water right associated with this authorization and applying that water to a beneficial use, he is acting as an agent of the United States. The portion of said water right being used on Federal

land will be held solely in the name of the United States Bureau of Land Management. The use of water on Federal land in violation of this authorization is considered a trespass under 43 CFR § 2920.1-2, and will subject the authorization to immediate suspension and/or termination per 43 CFR § 2920.9-3.

50. The use of water on Federal land without permission from the Idaho Department of Water Resources (IDWR) in the form of an approved water permit, license or decree is a violation of this authorization.
51. Holder will be responsible for all costs associated with obtaining, maintaining in good standing, and using water rights to conduct agricultural activities on Federal land described in this authorization, including but not limited to: acquiring water rights solely in the name of the United States, fines, transfer fees, assessment fees, measurement fees, mitigation, power or fuel costs, and purchase, installation & maintenance of any required measurement devices, etc. Holder assumes all liability for compliance with applicable state and Federal rules, regulations, and laws governing water use, irrigated agriculture, and associated activities, and for damages caused to Federal land by the Holder.
52. Failure of the Holder to remain in compliance with State and Federal rules, regulations, or laws regarding the use of water or any stipulated condition within this authorization to the satisfaction of the Authorized Officer will result in suspension and/or termination of this authorization in accordance with 43 CFR 2920.9-3.
53. No right, title, interest, or economic expectation of use accrues to the Holder due to the use of Federal land pursuant to this authorization. The Holder will not cause any water to be conveyed off Federal land without the written permission of the BLM Authorized Officer.
54. Holder agrees to hold the United States harmless from loss, injury, damage and/or reduction in value of water rights or the farming operation should this authorization be suspended, modified, terminated according to its terms, or expires and is not renewed. If this authorization is suspended, modified, expires and is not renewed, or is terminated according to its terms, then the Holder may initiate a water transfer with the Idaho Department of Water Resources (IDWR) pursuant to Idaho Code § 42-222 to move water associated with this authorization from Federal to non-Federal land within sixty (60) days of the date the use of Federal land is no longer authorized in writing by BLM. The Holder agrees to bear all costs of said water transfer. The United States agrees to cooperate in said water transfer, however, the Holder agrees that upon completion of the water transfer, the Holder will not assume title to any water right(s) or portion thereof that describes acres within a place of use on Federal land, and any portion of the water right(s) not transferred will remain solely in the name of the United States. If said water transfer is not initiated within sixty (60) days of the date this authorization expires or is suspended/terminated, or is initiated but then withdrawn, or IDWR does not allow the transfer of all or a portion of the water used on Federal land associated with this authorization, then the Holder agrees that any portion of the water use describing Federal land as a place of use will be deemed abandoned, forfeited and no longer legally valid. The Holder further agrees to release and hold harmless the United States from any loss, injury, damage and/or reduction in value of water rights should IDWR not allow transfer of the water right(s), or any portion thereof, and the water rights are abandoned, forfeited and no longer legally valid.

water bill discrepancy- 106 Prospector Ln

To: Nancy Ptak <idahocityclerk@cityofic.org>

Cc: [REDACTED], [REDACTED]

Hi Nancy,

Thank you so much again for your time this afternoon in helping me understand where we are at with our bill.

It sounds like as you explained- once the water meter is installed that the city of Idaho City will automatically charge the monthly base fee for water (\$62.40) and sewer (\$34.61). And you mentioned there has been no official communication come into the city regarding the fact that our parcel of land we are building on has no sewer line hook up.

With that said, I completely agree that our situation needs to be addressed. I will take your guidance and reach out to Element Construction to let them know that they will need to contact either the Idaho City Council or the Idaho City Mayor regarding our sewer connection-(we have no connection on the parcel we are building on and was informed that the City of Idaho City would be taking care of this come spring 2023. Meanwhile, we are being charged the \$33.61 monthly base for sewer since September or October 2022).

In regards to our current bill that is past due in the amount of \$485.05; I did express my concerns of being past due or being sent to collections. [REDACTED] and I definitely would like to stay on top of our bill and stay in good graces with the city of Idaho City! I will take your guidance on paying the \$97.01 monthly base fee for water and sewer until this matter is addressed and resolved! As you said, we hope that we can receive credit for the months we have not had access to sewer.

I will get another check in the mail for the \$97.01 and get this information over to Element Construction.

Thank you again for your time and guidance Nancy!

Sincerely,
[REDACTED]
