Re: 2022 Idaho City 100 Enduro

March 10, 2021

To: Idaho City, City Council

Dear Council Members:

The 2022 Idaho City 100 Enduro will be held June 3-5 for the 38th year. The main body of trail for this year's enduro is in the New Centerville/Centerville area. There is no trail on the south side of Highway 21. The course uses Idaho Department of Lands and Boise National Forest trails. The trail use permits for this course have both been approved by the land managers.

The riders will access the course this year through Idaho City. On Saturday they will leave in the morning via Montgomery Street and New Centerville Road. The course finishes via Bear Run Road in the afternoon. From Bear Run Road the course will cross over to Montgomery Street down to Highway 21. Sunday the course is run in reverse to Saturday. Riders will leave the start and travel up Main Street before turning onto Bear Run Road. We have used Main Street in the mornings for the past several years without incident. Using Main Street increases safety as the riders do not have a lefthand, across traffic turn. Sunday's course returns via Montgomery Street to Highway 21.

In addition to our traditional enduro, we will again be holding a mini-bike event as we did starting in 2018. We will be running the mini event on/near our grass track area in New Centerville on Saturday afternoon. There should be no mini traffic in Idaho City.

As of the time of this submission, we have no Covid-19 plans for the event. If circumstances change, we would take the necessary steps to be compliant with whatever state, county, or city requirements that in place at the time of our event. Please contact me immediately if you need any additional information for your review of our request.

Thank you.

Medical Plan

All medical support will be provided by and coordinated by East Boise County Ambulance (EBCA).

Ambulances: As provided by EBCA. They usually have one available in town and a second at the Grass Track.

Medical Personal: As provided by EBCA. EBCA will be advised of all checkpoint locations prior to the event. There will be a medical team (usually two EMTs) in a vehicle or UTV at each checkpoint during the time the checkpoint is open. Additionally the Boise Ridge Riders have several club members trained in emergency medical procedures. They will be on course with medical backpacks to administer first aid until EBCA personal arrive.

Medical Communications: Club members have an extensive radio network of walkie-talkies to communicate between tests and checkpoints and race headquarters. The Boise County HAM radio club also provides communications for the club at each checkpoint. They have the ability to contact EBCA. Once a medical need is identified EBCA will handle all communications with other medical entities including, but not limited to Life Flight.

Infectious Diseases: The Boise Ridge Riders will comply and take necessary steps in regards to any rules, regulations, orders, or other designations by Boise County and the local health district in regards to infectious diseases.

2022 Idaho City 100 Enduro Security Plan

Site Security at Sinclair Service and Community Center:

The security of the camping/impound is self-policing. We have never had any serious issues and the riders general keep an eye on the equipment and bikes there. Once impounded the bikes are again in an area surrounded by campers. We do light the area of impound at night to again discourage anyone from tampering with the motorcycles. If we had a serious issue we would call 911 or contact local authorities for assistance.

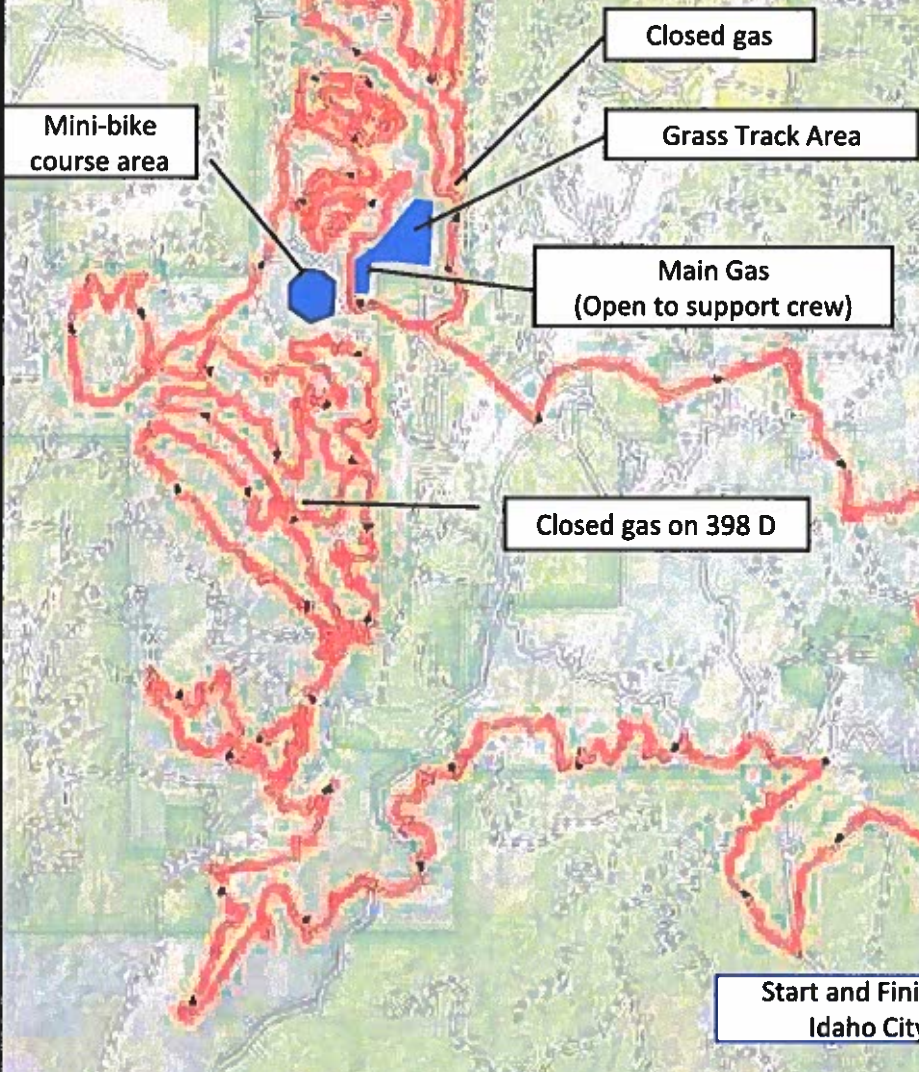

Traffic and Crowd Control:

Saturday and Sunday morning from about 8am to 11am the area in front of and beside Sinclair Service is congested. The club hires two Boise County deputies to assist in traffic and crowd control. Both officers are typically in the area of Sinclair Service each morning between 8-10am to assist with traffic movement. As riders begin to leave at 9am (3 riders each minute) the traffic congestion will decrease as support crews leave town. Highway 21 crossing to and from Montgomery and/or MainStreet will be controlled by Boise County Deputy.

Each day the riders will return to the finish via either Montgomery or Main Street. There will be a Boise County Deputy to assist with the Highway 21 crossing.

Friday afternoon (06/03/22) there will be considerable traffic on Montgomery as rider go to the community center for registration. They are not required to bring their motorcycle to registration. Registration for Sunday is Saturday evening from 6-8pm, but numbers are much smaller.

Re: snow plowing of Walulla Street

Dear Mayor Everhart,

I am one of the new owners of the property and business on the corner of Walulla and Main Street known as track 1. We occupy the building that is known as the Idaho Trading Post and the lot behind the store on Walulla. During this past winter and last year's winter we have experienced the city stock piling the snow removed from the street in the lot behind our building on our property. This has caused some concerns with me regarding the integrity of our building and lot behind the building. There is debris that is mixed in with the snow and the snow that is piled up against the back wall of our building. Last summer we had to push some blocks back in place and repair the tuck pointing that I assume is directly related to the snow piled against the building. This year there has been more snow pushed into the lot and more snow up against the block wall.

Our concerns with all the snow being stored behind our building include the water infiltration into the building as the snow melts and the risk of structural damage of the block wall from the pressure of the snow being pushed up against the building.

As a business owner we would like to be a good business neighbor and an asset to the community. We are renting part of our building to Heart of the Mountain Daycare which has requested to use that lot as a play area for the children. Allowing them to utilize that area will requires us to bring in topsoil and plant grass. For the safety and security of the children we will need to install a fence. The daycare would also be installing some play equipment for the children.

Based on the plans for the lot improvements and the potential damage to a historic building we cannot allow the snow to be stored on the lot behind our building. Obviously, we don't want to

risk the lot improvement or the building to sustain any damaged caused by snow removal equipment. I am respectfully requesting the city to stop storing snow behind our building.

Thank you for your time.

Sincerely,

Eugene Meyer

- Formal budgetary integration is employed as a management control device during the year for general, special revenue, debt service, and enterprise funds.
- Budgets for general, special revenue and debt service funds are adopted on a basis consistent with accepted account principles (GAAP). Budgets for enterprise funds are adopted on a non-GAAP basis.

the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to improve the lives of people with mental health problems. The Department of Health (1999) has set out a vision of a new mental health system, which will be based on the following principles:

- (i) People with mental health problems should be treated as individuals, with their own needs and wishes.
- (ii) People with mental health problems should be given the opportunity to participate in decisions about their care and treatment.
- (iii) People with mental health problems should be given the opportunity to live in their own homes and communities.

These principles are reflected in the new Mental Health Act (Mental Health Act 2003) and the new Mental Health Act Code of Practice (Mental Health Act 2003, 2005).

The new Mental Health Act (Mental Health Act 2003) has introduced a number of changes to the way in which people with mental health problems are treated. RE: Quarterly Liquor Profit Distribution

On behalf of the Idaho State Liquor Division (ISLD), I am pleased to notify you that the third of five Fiscal Year 2022 Liquor Fund distributions will be dispersed on April 4, 2022. The Liquor Fund distribution earmarked for the district court fund will also be dispersed to the counties on April 4, 2022.

IMPORTANT REMINDER: Per a change in Idaho law, Cities and Counties continue to fund an increasing distribution for the Magistrate Courts. For FY22, the amount apportioned to counties has decreased from 37.6% to 36.8% and will continue to decrease by 0.8% per year until fiscal year 2023. Additionally, the amount apportioned to Idaho's cities has decreased from 53.4% to 51.2% in fiscal year 2022 and will decrease by 2.2% per year until fiscal year 2023. Beginning in 2023, counties and cities will be allocated 36% and 49%, respectively. For fiscal 2022, the city/county reductions have created a 12% allocation for the counties' district court fund, which increases by 3% per year until 2023.

The distribution that you'll receive next week is the amount that is based on your jurisdiction's FY21 liquor sales. This distribution is paid quarterly in October, January, April, and June. ISLD's actual profits are calculated after year-end, and a 5th/true-up distribution will be issued in August. The total third quarter distribution (related to liquor sales) to Idaho's cities and counties is \$9,702,000, an 11.3% increase over last year's quarterly payments.

Idaho City's share of the quarterly distribution amount is \$6,891.00.

Your jurisdiction's share of the distribution will be an identical amount for each of the four quarterly payments, as will the amount the counties receive for the district court fund. The amount of the final true-up distribution (5th distribution) will be calculated after fiscal year-end and is based on the ISLD's actual profits. If your distribution has declined vs. last year, this is an indication that the liquor sales within your city/county had decreased relative to the prior year.

As it relates to our sales and profit projections, the ISLD is experiencing some slowing growth throughout the State. Slowing growth does not mean negative growth. Though we expect FY22 distributions to exceed the total of FY21, it is not certain that they will. Though growth is slowing, it's slowing on a much larger prior year base, so we're hopeful that distributions will exceed FY21. Still, please be conservative with your expectations this fiscal year. Even though the overall quarterly distributions are greater than last year, the August true-up will most likely be smaller unless current sales trends increase. We will keep you updated and let you know if we anticipate any significant changes to our projections.

Should you have questions regarding the ISLD and/or the distributions, our annual report may be accessed at www.liquor.idaho.gov and offers detailed information on how distributions are calculated.
