the fact that the model is based on a set of assumptions that are not always realistic. For example, the model assumes that the population is homogeneous and that the transmission of the disease is random. In reality, the population is heterogeneous and the transmission is often clustered. This means that the model may overestimate the impact of the intervention in some situations and underestimate it in others.

Another limitation of the model is that it does not take into account the possibility of reinfection. In reality, individuals who have recovered from the disease may become susceptible again if they are exposed to the pathogen. This means that the model may underestimate the impact of the intervention in situations where reinfection is common.

Despite these limitations, the model provides a useful framework for understanding the impact of the intervention. It shows that the intervention can have a significant impact on the transmission of the disease, particularly in situations where the basic reproduction number is high. This suggests that the intervention should be implemented as widely as possible to maximize its impact.

In conclusion, the model shows that the intervention can have a significant impact on the transmission of the disease. This suggests that the intervention should be implemented as widely as possible to maximize its impact. However, the model also has several limitations, including the fact that it is based on a set of assumptions that are not always realistic and that it does not take into account the possibility of reinfection.

Future research should aim to address these limitations and to develop more realistic models of the transmission of the disease. This could involve incorporating more detailed information about the population and the transmission of the disease, as well as developing models that take into account the possibility of reinfection.

In addition, future research should also aim to evaluate the impact of the intervention in real-world settings. This could involve conducting randomized controlled trials or observational studies that compare the impact of the intervention to that of no intervention. This would help to determine whether the intervention is effective in reducing the transmission of the disease in real-world settings.

I. CONSENT AGENDA

The consent calendar includes items which require formal Council action, but which are typically routine or not of great controversy. Individual Council members may ask that any specific item be removed from the consent calendar in order that it is discussed in greater detail. Explanatory information is included in the Council agenda packet regarding these items and any contingencies are part of the approval.

II. PUBLIC HEARINGS

Items listed as public hearings allow citizen comment on the subject matter before the Council. Residents or visitors wishing to comment upon the item before the Council should follow the procedural steps. In order to testify, individuals must sign up in advance, providing sufficient information to allow the Clerk to properly record their testimony in the official record of the City Council. Hearing procedures call for presentation by the applicant, submission of information from City staff, followed by public testimony. **ACTION ITEM**

III. ENGINEER'S REPORT

IV. OLD BUSINESS

A. BLM RECREATION OR PUBLIC PURPOSE LEASE – RODEO GROUNDS (EXPIRED)

Council discussed the lease and thought that previous officials had been working with BLM to renew the lease. Mayor Everhart added they would figure out where things are and move forward. Dan Meyer added that BLM is going to require a Plan of Development.

B. LOCAL OPTIONS TAX DISCUSSION

Mayor Everhart addressed rumors on the local options tax that would include food, beverages, lodging, etc., and that is not the case. The local option tax being discussed is for lodging (Motel, Hotel, Air BNB and overnight rentals) only. The intent is to not put any more burden on residents but to share that burden with people coming from out of town and the only thing that fits the criteria is lodging. Mayor Everhart addressed the next steps and referred to City Attorney Callahan. Callahan responded there are things the mayor and council need to decide - what the tax is on, what rate, how long the tax is in place, for what the funds will be used. Callahan will prep a checklist for decisions on the tax for the next council meeting. Once the decisions are made the council can work on the next steps and when the tax would go on the ballot. Elliott added that in past discussions 2% is what was discussed.

C. LEASE AGREEMENT WITH TOM'S SERVICE FOR GENTRY'S OUTPOST & LEON'S CAFÉ
ACTION ITEM

City Attorney Joan Callahan apologized and informed council that she was unable to get to this document. Mayor Everhart added that it was not critical and could be added to the next meeting agenda.

D. IDAHO CITY HISTORICAL FOUNDATION IPAD FROM CITY **ACTION ITEM**

City Attorney Joan Callahan informed the council she was unable to complete this but found the information that would give the mayor and council the authority to donate. This item will be added to the next meeting agenda.

V. NEW BUSINESS

A. LETTER OF INTENT FROM CORY PICOTTE – PARKS AND RECREATION. **ACTION ITEM**

B. LETTER OF INTENT FROM SARAH NELSON - PARKS AND RECREATION. **ACTION ITEM**

Mayor Everhart explained the previous commission had reduced the number of members from 7 to 5 and that it would need to be adjusted back up to 7. Clerk Ptak added that could be done by ordinance, however there had been an issue in the past of keeping members. The commission could be left at 5 members and the extra interested parties could be subcommittees. Discussion ensued on the number of members for Parks & Rec. Mayor Everhart asked Ptak to put together a response to the 2 interested parties and explain, "The committee is full right now, we appreciate the interest and could use you as an advisory or subcommittee to keep you involved. You would be involved in everything other than voting on issues. If anyone were to step down from the commission the interested parties could then be moved in." The Parks and Rec meeting are currently set for the second Tuesday of the month.

VI. ORDINANCES AND RESOLUTIONS

Ordinances and resolutions are formal measures considered by the City Council to implement policy which the Council has considered. Resolutions govern internal matters to establish fees and charges pursuant to existing ordinances. Ordinances are laws which govern general public conduct. Certain procedures must be followed in the adoption of both ordinances and resolutions; state law often establishes those requirements. **ACTION ITEM**

A. Resolution 2023-03 IDAHO CITY SURPLUS PROPERTY

Council President Secor made a motion, seconded by Adams to adopt Resolution 2023-03. Secor aye, Adams aye, Elliott aye, Heffington aye. Motion carried.

B. RESOLUTION 94-10 CITY PROPERTY LEASE

Clerk Ptak is still working with the county to get the map taken care of.

C. Ordinance No. 376 CHRONIC NUISANCE PROPERTY

City Attorney Callahan addressed the council and explained she and Chief Otter had received an email from the P&Z Chair asking if they would be available to discuss this ordinance with them at their May 1st meeting. Callahan added she had spoken with the city attorney from Garden City where the ordinance was pulled from and asked how the ordinance has worked for them, if it was effective, has it been enforceable. The Garden City attorney responded that the ordinance has worked well in dealing with problematic establishments. Callahan added the document refers to a city attorney and sometimes that would be the civil attorney and others may be the criminal attorney. Callahan has not yet discussed it with the city's criminal attorney. Callahan went on to explain the reasoning behind this ordinance and what it could accomplish. Callahan asked Mayor Everhart if he would like this prepped as an Ordinance for the next council meeting. Mayor Everhart responded Yes, the sooner the better to get something in place to help the city deal with those situations.

VII. COMMITTEE REPORTS

A. PARKS & RECREATION COMMISSION

Dax Olvera had no report but a couple of questions. First, when will the bathrooms out at the ballfields be available to the public. Public Works Director Claus responded they would be open the following day. Mayor Everhart informed Olvera that if he could get a schedule to Claus, she could then plan to have things open, weather permitting. Second was, they were trying to find some material to put on the baseball infield and Claus responded they had plenty of sand that could be used. Discussion on the material and location ensued.

B. HISTORIC PRESERVATION COMMISSION

C. PLANNING & ZONING COMMISSION

D. IDAHO CITY CHAMBER OF COMMERCE

VIII. EXECUTIVE SESSION

Certain City-related matters may need to be discussed confidentially as a matter of law subject to applicable legal requirements; the Council may enter executive session to discuss such matters. **ACTION ITEM**

IX. EMPLOYEE UPDATES

A. PUBLIC WORKS

Public Works Director Claus informed the council they will be opening the ballfields and rodeo ground bathrooms April 27th. They are working on a couple water lines and are almost completed. Claus requested a meeting with the Mayor on Monday at 11 for employee review. Claus added that on Friday they would be grading all the roads. Discussion on bringing more material in and the current weight restriction on Centerville Rd. ensued. Claus added that she had shown her guys how to make a water tap and they did great. Discussion on the water taps ensued. Claus had talked with 3 residents of Mores Creek Crossing that had freezing issues and Mayor Everhart added that they needed to investigate the cause so it can be fixed. Counselor Elliott asked Claus when the inmate labor would be up. Claus responded the first and second week of May. Claus would be using them on Wednesdays of the 2 weeks to do the sand bays. Claus brought up that she has been asked when

the city would be opening the RV dump, and Secor responded as soon as the city can figure out how to restrict the water usage. Discussion on the water at the RV dump ensued. Claus has all the bathrooms cleaned at this point and added Chief Otter has the person responsible for the vandalism. Claus would like to have said person clean all the walls in the bathrooms. Mayor Everhart asked about the sewer connection to the first house in the Mores Creek subdivision and Claus responded it is on her list and will be working on it soon. Mayor also asked about the chemicals needed for the RO and Claus responded that she is having issues with the current supplier and is looking to get things elsewhere. Discussion on chemicals and their location ensued. Secor questioned if Claus had received pricing on pipe for meter pits and Claus responded she is waiting for a response. Discussion on pipe type and suppliers ensued. Ptak questions when they would start reading meters and after some discussion it was decided to start next month. Claus added that they had the materials to repair Bear Run Rd. and that they would be adding speed bumps to it and Montgomery.

B. LAW ENFORCEMENT

Chief Otter was not present but had given information to Mayor Everhart. ICPD caught the person responsible for the graffiti in the bathrooms. There were quite a few traffic tickets. Chief Otter and Wes Crawford searched & found the missing endangered 16-year-old girl from the news. She was with a 32-year-old felon who was arrested, and the teen girl reunited with her parents. Otter attended the funeral for the Nyssa officer who was killed recently. Mayor Everhart had asked the chief about the 302 Elk Creek situation and Otter informed him the water is back on for residents.

C. CLERK/TREASURER'S OFFICE

A. WATER AND SEWER UPDATES, ACTION ITEM

Clerk Ptak addressed the council and informed them on water sewer updates – most are paid or in pay agreements. Going forward anyone who is quite a bit behind will have their information sent to the State who has a program to pay past due water bills if qualified. There is an application process. Ptak added that they are cleaning up and moving things around at City Hall. Ptak has all her office items moved upstairs. Ptak also spoke with DEQ who will be sending over a binder with all signed documents the council just went through on the Water Bond. Elliott inquired on how many boxes of old documents were still upstairs that have not been gone through, and Ptak responded there were quite a few boxes of old water and sewer documents and quite a bit for Parks & Rec to go through. Discussion on documents ensued. The subject was changed to the RV dump and discussion on regulation of water usage, how that could be done, and volunteer monitoring continued.

D. CITY ATTORNEY

City Attorney Callahan addressed council and informed them she was glad the 302 Elk Creek situation was taken care of before attorney's needed to be involved.

the 1990s, the number of people with a diagnosis of schizophrenia has increased in many countries (1).

There is a growing awareness of the need to improve the quality of life of people with schizophrenia. This has led to a focus on the development of psychosocial interventions, which aim to help people with schizophrenia to live more independently and to participate more fully in society (2).

One of the most common psychosocial interventions is cognitive behavioural therapy (CBT). CBT is a form of therapy that helps people to change their thoughts and feelings, and to develop new ways of coping with their problems (3).

CBT has been shown to be effective in helping people with schizophrenia to manage their symptoms, and to improve their social functioning (4). However, there is still a need to develop more effective CBT interventions for people with schizophrenia (5).

One of the reasons for this is that many people with schizophrenia do not attend CBT, or do not benefit from it (6). This is often due to a lack of motivation, or to a lack of understanding of what CBT is (7).

Therefore, it is important to develop CBT interventions that are more engaging and more understandable for people with schizophrenia (8). This paper describes the development of a new CBT intervention for people with schizophrenia (9).

The new CBT intervention is based on the principles of CBT, but it is designed to be more engaging and more understandable for people with schizophrenia (10). It is called the 'New CBT' (11).

TOM'S SERVICE LEASE AGREEMENT

AGREEMENT, between the City of Idaho City ("*LESSOR*") and Tom's Service DBA Gentry's Outpost & Leon's Cafe ("*LESSEE*");

RECITALS

1. Lessee is the owner of real property in Idaho City, Idaho located at 200 Main Street. Lessee's property is operated as a retail store known as "Gentry's Outpost" and restaurant known as "Leon's Café."
2. Lessor is the owner of real property adjoining Lessee's property on the south, identified as "Block V" record of survey instrument No. 122026, in the survey attached hereto as Exhibit A (hereinafter "Exhibit A Property").
3. Lessor is the owner of real property adjoining Lessee's property on the south side that has traditionally served as access and parking for 200 Main Street and the Idaho City's Visitor Center and more particularly identified in Exhibit B attached hereto (hereinafter the "Parking Lot Property").
4. In 2010, the improvements at 200 Main Street were destroyed by fire. The owner of the property at that time reconstructed the improvements, and Lessor allowed the reconstruction of the improvements to include a boardwalk and stairs that encroach upon the Exhibit A Property, with the explicit understanding of the encroachment and that the improvements constructed by the owner and located thereon would remain under the control of Lessor. It is the strip of land upon which the encroachment is located that is a subject of this lease.
5. Starting in approximately 2016, the prior owner(s) of Lessee's property had an informal arrangement for the owner of 200 Main Street to maintain the Parking Lot Property at no expense to the City.

In consideration of the mutual covenants contained in this lease agreement, the parties agree as follows:

LESSOR leases and rents to *LESSEE*, and *LESSEE* leases and rents from *LESSOR*, the real property described on attached Exhibit "A" and Exhibit "B" (the leased area will be out-lined in red on a depiction of the area).

The term of this lease is for a period of two (2) years commencing on the date of the latest signature under the following terms and conditions:

1. **RENT:** *LESSEE* agrees to pay *LESSOR* the sum of \$100 per year, with \$100 payable at the commencement of this lease and \$100 each year thereafter, said payment due and payable on the anniversary date of the effective date of this lease, and Lessee will maintain the Parking Lot Property in a reasonably safe and usable condition as a parking lot.

2. **PROPERTY OF LESSEE:** *LESSEE* understands it has the right and opportunity to provide property insurance on its property and hereby releases and discharges *LESSOR* of and from any liability for damage to the property of *LESSEE* while on the leased premises.

3. **WARRANTIES:** There are no warranties by *LESSOR*, and *LESSEE*, in executing this lease, is relying upon its own judgment, information, and inspection of the property.

TOM'S SERVICE LEASE AGREEMENT

4. ALTERATIONS AND IMPROVEMENTS: No alteration, additions or improvements shall be made, nor any sign placed upon the leased premises by *LESSEE* without first obtaining the written consent of *LESSOR*. All alterations, additions or improvements made by *LESSEE* shall be the property of *LESSOR* and surrendered with the premises at termination of this lease.

5. ENTRY BY LESSOR: *LESSOR* shall have the right to enter the leased premises at any reasonable time to examine the same and determine the maintenance and state of repair.

6. INDEMNIFICATION: *LESSEE* agrees to indemnify, defend, and hold harmless *LESSOR*, and its officers, agents and employees, from and against any and all claims, losses, actions, or judgments for damages or injury to persons or property arising out of or in connection with the acts and/or any performances or activities of *LESSEE*, *LESSEE*' agents, employees, or representatives under this Agreement.

7. HAZARDOUS WASTE: *LESSEE* agrees not to store, generate, or otherwise use or bring upon the property any hazardous waste as defined by federal, state or local laws or regulations.

8. TIME OF ESSENCE AND DEFAULT: Time is of the essence of this agreement. If *LESSEE* defaults in any of the terms of this agreement for a period of ten (10) days after written notice of default has been sent by *LESSOR*, then *LESSOR*, at its option and in addition to all other legal and equitable remedies, may declare this lease forfeited and terminated and re-enter and repossess the leased premises. Upon such forfeiture and termination, all rights of *LESSEE* under this agreement shall immediately terminate. Provided, however, that nothing herein shall be considered an election of remedies or limitation of damages.

9. ASSIGNMENT OR SUBLETTING PROHIBITED: *LESSEE* shall not assign this lease nor sublet the whole or any part thereof without the written consent of *LESSOR*.

10. USE OF PROPERTY: *LESSEE* will use the property for the purpose of access and parking and shall at all times comply with all laws, regulations and ordinances. The *LESSEE'S*' use of the property shall not be changed without the consent of *LESSOR*.

11. ENTIRE AGREEMENT: This is the entire agreement of the parties and can only be modified or amended in writing by the parties.

12. ATTORNEY FEES: If action is brought to enforce the terms or provisions of this lease, or to enforce forfeiture for default, or to collect damages for breach, the prevailing party in such action shall be entitled to recover from the losing party reasonable attorney fees together with costs authorized by law. In addition, *LESSEE* agrees to pay the sum of \$400 for costs and attorney fees for each notice of default served upon *LESSEE* by *LESSOR*.

13. SERVICE OF NOTICES: Any notice may be served by certified mail at the addresses specified. Service of a notice by certified mail shall be deemed complete upon the date of the postmark by certified mail. Either party may change the address for services of notice by written notice to the other party.

SECTION 2: That a new Section 7 of Chapter 1 of Title 4 Idaho City Code is adopted to read as follows:

4-1-7 : Chronic Nuisance Property

A. Purpose

Chronic nuisance properties present grave health, safety, and welfare concerns, and occur when the property owners or persons in charge of such properties have failed to take corrective action to abate the nuisance conditions. Chronic nuisance properties have a tremendous negative impact upon the quality of life, safety, and health of the neighborhoods where they are located. Additionally, chronic nuisance properties are a financial burden to the city due to the repeated calls for service to the properties because of the nuisance activities that repeatedly occur or exist on such properties.

This section of the Idaho City Code is a means to ameliorate those conditions by providing a process for abatement and hold responsible the owners or persons in charge of such properties. This remedy is not an exclusive remedy available under any state or local laws and may be used in conjunction with such other laws.

1. When the Chief of Police, or his designee, receives police documentation confirming the occurrence of three or more nuisance activities within a sixty-day period on the property, the Chief of Police, or his designee, may review such reports to determine whether they describe the nuisance activities enumerated above. For the purposes of this section, an arrest or conviction of an individual for the above-described nuisance activities shall not be necessary to qualify said activity as a nuisance. Upon a finding of the occurrence of three or more nuisance activities within a sixty-day period on the property, the Chief of Police, or his designee, shall notify a property owner at the address shown on the Boise County Assessor records and shall notify the person in charge of the property in writing that the property is in danger of being declared a chronic nuisance property.
2. The notice shall contain:
 - (a) The street address or a legal description sufficient for identification of the property;
 - (b) A concise description of the nuisance activities that exist, or that have occurred on the property;
 - (c) A demand that the owner or person in charge respond to the Chief of Police, or his designee, within fifteen days of service of the notice to discuss the nuisance activities and create a plan to abate the chronic nuisance;
 - (d) Offer the person in charge an opportunity to abate the nuisance activities giving rise to the violation, and;
 - (e) A statement describing that if legal action is sought, the property could be subject to closure, civil penalties and costs assessed up to one hundred dollars (\$100.00) per day after the notice of the chronic nuisance property is received.

3. Such notice shall be either: (a) personally served, or; (b) delivered by first class mail to the person in charge of the property, with a copy mailed to the owner at the address indicated by the Boise County Assessor, if different than the person in charge of the property.
4. If the person in charge fails to respond to the notice within the time prescribed, the Chief of Police, or his designee, shall post such notice at the property. If the person in charge fails to respond to the notice of chronic nuisance, the matter shall be referred to the City Attorney for further action.
5. If the person in charge responds as required by the notice and agrees to abate the nuisance activity, the Chief of Police, or his designee, and the person in charge and/or property owner, may work out an agreed upon course of action which would abate the nuisance activity. If an agreed course of action does not result in the abatement of the nuisance activities or if no agreement concerning abatement is reached, the matter shall be forwarded to the City Attorney for enforcement action.
6. It is a defense to an action for chronic nuisance property that the person in charge at all material times could not, in the exercise of reasonable care or diligence, determine that the property had become chronic nuisance property, or could not in spite of the exercise of reasonable care and diligence, control the conduct leading to the determination that the property is chronic nuisance property.

E. Commencement of Action — Enforcement

1. Once the matter is referred to the City Attorney, the City Attorney will review and make a determination whether to initiate legal action authorized under this section or state statute or may seek alternative forms of abatement of the nuisance activity. The City Attorney may initiate legal action on the chronic nuisance property and seek civil penalties and costs in district court for the abatement of the nuisance.
2. In determining whether a property shall be deemed a chronic nuisance property and subject to the court's jurisdiction, the City shall have the initial burden of proof to show by a preponderance of the evidence that the property is a chronic nuisance property. The City may submit official police reports and other affidavits outlining the information that led to the investigation of nuisance activities occurring or existing at the property. The failure to prosecute an individual, or the fact no one has been convicted of a crime is not a defense to a chronic nuisance action.
3. Once a district court determines the property to be a chronic nuisance under this section the court may impose a civil penalty against any or all of the persons in charge of the property and/or the owner of the property and may order any other relief deemed appropriate. A civil penalty may be assessed for up to one hundred dollars (\$100.00) per day for each day the nuisance activity continues to occur following the date of the original notice by the Chief of Police, or his designee, as described above. In assessing the civil penalty, the court may consider the following factors, citing to those found applicable:

- (a) The actions taken by the person in charge and/or owner to mitigate or correct the nuisance activity;
 - (b) The financial condition of the persons in charge;
 - (c) The repeated or continuous nature of the nuisance activity;
 - (d) The cost to the City of investigating and correcting or attempting to correct the condition;
 - (e) The statements of the neighbors or those affected by the nuisance activity,
 - (f) Any other factor deemed relevant by the court.
4. The district court which determines the property to be a chronic nuisance property shall also assess costs against the person in charge and/or owner in the amount it costs the City to abate, or attempt to abate, the nuisance activity.
 5. If the district court determines the property to be a chronic nuisance property, the district court may order the property closed and secured against all unauthorized access, use and occupancy for a period up to six months, and may impose a civil penalty and costs.
 6. Once a determination has been made by the district court that the chronic nuisance property shall be subject to closure, the court may authorize the City to physically secure the premises and initiate such closure. Costs for such closure shall be submitted to the Court for review, Any civil penalty and/or costs awarded to the City may be filed with the City Treasurer, who shall cause the same to be filed as a lien on the property with the Boise County Assessor,
 7. The district court shall retain jurisdiction during any period of closure or abatement of the property.

F. Severability

If any portion of this ordinance, or its application to any person or circumstances, is held invalid, the validity of the ordinance as a whole, or any other portion thereof, or the application of the provision to other persons or circumstances is not affected.

SECTION 3: If any one or more sections or subsections of this Chapter are for any reason held to be invalid or unconstitutional, such shall not affect the validity of the remaining portions of this Chapter and the same are and shall remain in full force and effect.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage, approval, and publication thereof.

SECTION 5: PASSED by the City Council and **APPROVED** by the Mayor of the City of Idaho City, Idaho, this _____ day of _____, 2023.

the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion.

It is clear that the world's population is growing rapidly, and the number of people who are under 15 years of age is increasing. This is a major challenge for the world's governments, as they must find ways to provide education, health care, and other services for these children.

One of the most important ways to address this challenge is to invest in education. Education is the key to a better future, and it is essential for children to have access to quality education. This means that governments must invest in schools, teachers, and learning materials.

Another important way to address this challenge is to invest in health care. Children need to be healthy in order to learn and thrive. This means that governments must invest in health care services, such as immunizations, nutrition programs, and health education.

Finally, it is important to invest in social services. Children need a safe and supportive environment in which to grow and develop. This means that governments must invest in social services, such as housing, food, and clothing.

By investing in education, health care, and social services, governments can help to ensure that all children have the opportunity to reach their full potential. This is the only way to build a better future for the world.

Filming Permit Guidelines

The following guidelines must be adhered to in order to film in Idaho City:

Film permit applications will be arranged through the Idaho City Clerk's Office who will coordinate the process with the appropriate city or county services.

1. Permits are required when filming impacts the public way (streets, sidewalks, alleys, etc.). Permits may also be required when filming in City Parks.
NOTE: News crews, handheld interviews, documentaries, B-roll, and other low impact productions typically do not require a permit, as long as it does not interfere with vehicular or pedestrian traffic.
2. Permits are valid for specific locations, dates and times as requested in the application.
3. Applications for permits must be submitted 30 days prior to the beginning of filming. Rush fees may apply for obtaining permits prior to 30 days. Processing time for films with pyrotechnics, closure of City Streets or rerouting of transportation may take longer so plan accordingly.
4. There is a non-refundable \$25 application-filing fee for a film permit. Permits will incur a \$25 per day (\$10 for non-profit) fee made payable to City of Idaho City prior to filming. *There is no per day charge for students, however they must provide proof with a valid student ID.*
5. A certificate of insurance naming the City of Idaho City as an additional insured in the amount of \$1,000,000 general liability, and \$1,000,000 bodily injury, property damage and automobile liability, must be received with the permit application.
6. Uniformed Police Officers will be assigned to production at the expense of the production company when the Chief of Police or his designee deems it advisable for public safety and convenience. The number of officers assigned will be determined by the police department based on the needs of the production to guarantee maximum safety and security of the public. Contact the city clerk's office for the fee schedule based on your location.
7. No parking signs must be posted by the production company or the appropriate City Departments, at the expense of the production company within 72 hours prior to closing streets or parking lots.
8. The relocation of parked vehicles from permitted zones can only be performed by the appropriate City Departments per arrangement with the city clerk's office.
9. Arrangements for overflow crew parking must be made in advance with the city clerk's office.
10. Residential areas can be used for filming between 7:00 a.m.–11:00 p.m. in accordance with the City of Idaho City's Nuisance Ordinance No.316. Filming at any other time must receive prior approval from the Idaho City Council and the appropriate City and Police Personnel.
11. A minimum of 72 hours' notice is required to notify residents within a 1–2 block radius of the shooting location depending on the scope of the production. Notification fliers must include the production company, shooting times, parking or traffic restrictions, any special effects utilized (pyrotechnics, simulated gunfire, etc.) and the appropriate contact names and phone numbers for on-site personnel. Final piece must be approved by the Idaho City Council prior to mailing or canvassing.
12. The production company shall not interfere with the normal activities of a neighborhood. Filming crews and equipment should not interfere with garbage collection, street sweeping, etc. and access to private property cannot be blocked unless permission is procured.
13. No littering is permitted, and all garbage must be cleaned up prior to leaving the location.

ATTEST:

City Clerk

This looks, my suggestion is to take out the reference to the county commission in the first paragraph. It can just read: WHEREAS, Idaho Code § 46-1011 allows a Mayor to declare a local disaster emergency; and

The steps would be:

- Mayor executes initial Declaration of Emergency
- Mayor and City Council develop whatever procedures and limitations needs to be established for duration of emergency
- Within seven (7) days of mayoral declaration City Council passes resolution that includes steps to address emergency – drafted or reviewed by city attorney.
- Duration should be until the emergency is resolved, so maybe along the lines of flooding subsides or creeks return to normal flow. Something along those lines.

the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to improve the lives of people with mental health problems. The Department of Health (1999) has set out a vision of a new mental health system, which will be based on the following principles:

- (i) People with mental health problems should be treated as individuals, with their own needs and wishes.
- (ii) People with mental health problems should be given the opportunity to participate in decisions about their care.
- (iii) People with mental health problems should be given the opportunity to live in their own homes and communities.
