Public Works Director Claus explained that the grader has been started but will not stay running. They found a couple of injector pumps that are not firing, and replacements have been ordered from Amazon. While working the past election Claus spoke with Jack Pine representatives regarding the BLM lease and found out what is needed. There is a trail being used as a 4-wheeler trail that needs to be blocked off. The bone yard above the rodeo grounds is not allowed to be there and needs cleaned up. The Gold Dust Rodeo added a storage building up by the bone yard which is not allowed and needs to be moved. BLM also needs an aerial view and new drawing of the entire complex. Once these items are completed BLM will sign off on the lease. Claus added that the asphalt crushing is almost finished. Mayor Everhart requested that Claus speak with the rental company regarding the setup of the machine. The person that was supposed to do that did not and the city should not be charged. Samples will be pulled on Thursday and taken down. The issue at the water plant was a stuck float. Claus will show DeCory how to change floats. Elliott questioned Bear Run and Claus explained they are finished with the tear out and would be patching what was removed. Discussion on Bear Run ensued. Claus added that Marsha Leese has a house on Walulla, and her water meter is down on High St. There is a leak that Claus cannot find. Claus would like to move the meter to Walulla, and Leese will need to have a plumber run the line. Clerk Ptak explained that she received a call from Dan McCounell regarding a sewer leak, but the issue is not in his sewer line. Claus explained that the issue is at HD's old house. Discussion ensued.
