VIII. EMPLOYEE UPDATES

A. PUBLIC WORKS

Public works director Tami Franklin reported to council on the updates surrounding the water meters getting changed out, road work getting done before speed bumps get placed on Elk Creek. The grader will not be ready in time, Secor will donate time with his grader and follow the city water truck on the streets. Rodeo grounds have had a walk through, a fence pole needs repaired and some painting. Samples have done, membranes have been delivered. She will call the Mag company to set up time to apply dust abatement after the streets get watered and graded. Everhart has been in contact with Idaho Rural water to get the yearly CCR report and found Paul Sifford had already asked for it to be done. He is the wastewater operator and should have left it to Kenny to enter into that agreement for the city's behalf. They will contact Paul and let him know. Everhart also mentioned that Troy Ashworth approached him about the water and sewer systems for the parcel he would like to annex in. Everhart explained he would need to go through the council and city and not directly to him, he cannot answer those types of questions on behalf of the city.

B. LAW ENFORCEMENT

Chief Otter has been in classes and was not present. Mayor Canody gave a report on the visitor's center office getting ready to open for the officers to use, body cameras will be here soon. Speed reader sign should be up and going soon. A new sign for the police department will be hanging up soon at the visitor's center. Everhart noticed building going on in his subdivision and it had not been permitted, thought maybe chief could find out what is going on.

C. CLERK/TREASURER'S OFFICE

Clerk Ptak updated the council on the upcoming audit, the clerk's office feels ready to move forward and hopefully it will go smoothly. There is a possibility the council will need to open the budget to allow for more spending in the street budget due to the grader repair work going over budget. The streets will still need to spend money to maintain roads, budget is tight. This will be good timing with the audit and budget prep for next year. Water bills have gone out with the exception of just a couple, they are all reading accurately and have been easy to find leaks or just heavy usage during the winter, a few might take some time to catch up due to overestimating during the winter. The report for council has not been updated yet due to the winter reading and adjustments getting done to bring everyone up to date.

IX. COUNCIL UPDATES

Hillyard suggested to the council they need to go see the T-Ball in action, the kids are great and loving it. No other updates at this time.

X. MAYOR UPDATES

Mayor Canody updated on the current prescribed burn in Ofer Creek, asked everyone to thank the Historic Foundation for the continued work they have been done. AIC has a workshop planned to educate on how to properly spend funds getting sent out for infrastructure. Attorney Linville asked about the applications coming in for the attorney position, mayor suggested that himself, Clerk Ptak, Chief Otter and possibly Everhart along with Mr. Linville go over the applications. A date will get set when the clerk can find a day that will work for everyone.

XI. CITIZEN COMMENTS

This section of the agenda is reserved for citizens wishing to address the Council regarding City-related issues that are not on the agenda. In order to ensure adequate public notice, Idaho Law provides that any item requiring Council action must be placed on the agenda of an upcoming Council meeting, except for emergency circumstances. Chief Otter addressed the council and stated that the issues of EMT and Law Enforcement had been handled right before the meeting. Melissa Potts from East Boise County Ambulance District addressed the council and gave an update on what had transpired and the concerns of only having one vehicle available for the weekend. The Go Agency has hired a private service and will use EBCAD for transport only and only if it is available. They were not contacted until this week and did not have the time required to draw up a contract. Future events will need to have better preparation. Last minute crew has been provided for the area, not strictly for the event, but for the community. They will be there if needed and if they are available. She has asked if they can be added to the event checklist so they can be notified. Clerk Ptak will add it to the event checklist so everyone in the city will be aware of what is happening where and when. Clerk Ptak will wait for something in writing from public works and approval from the mayor before sending out any notices.

B. LAW ENFORCEMENT

Chief Otter has been in classes learning the new software, keeping vehicles maintained, using new time cards and just updating some administration practices. Chief also brought up issues with animal control issue and what could be done, maybe a shared position with the whole county. He is just wanting to come up with some sort of solution to all the stray dogs, even the cats. The vandalism has gone up recently and he has ideas as to who it may be, but the city will need to come up with a solution to help monitor the areas, cameras?

C. CLERK/TREASURER'S OFFICE

1. UTILITY BILLING UPDATES ON PAST DUE ACCOUNTS

Clerk Ptak is having issues with the new meters going into the system, bills are going out later than normal. Still finding leaks when the reads come in. Possible interview with a new building inspector, Clerk Ptak will update the council on this goes. IX. COUNCIL UPDATES

Secor commented on the roads and the condition, he helped with the grading and got to see first hand the conditions and the material that is not there. Would really like budget for something to add to the roads, there is no more material to grade. Discussion.

X. MAYOR UPDATES

Mayor Canody asked Tami about the time locks on the restrooms, maybe it would help with some of the vandalizing, she said she is looking into them with Boise City Park and Recreation. He also thanked Secor for his time and equipment he used to help out with the roads.

Attorney Linville complimented the council on the knowledge they have on the roads and city infrastructure, it's refreshing he said.
