MINUTES

CALL MEETING TO ORDER: Mayor Everhart called the meeting to order at 6:00 pm.

ROLL CALL: Martin, Elliott, Adams were present. Secor was absent.

PLEDGE OF ALLEGIANCE: Mayor Everhart led the pledge of allegiance.

I. CONSENT AGENDA

The consent calendar includes items which require formal Council action, but which are typically routine or not of great controversy. Individual Council members may ask that any specific item be removed from the consent calendar in order that it is discussed in greater detail. Explanatory information is included in the Council agenda packet regarding these items and any contingencies are part of the approval.

A. APPROVAL OF MINUTES: JUNE 8, 2022, **ACTION ITEM**

Martin made a motion to approve the minutes dated June 8, 2022, seconded by Adams. Martin-aye, Elliott-abstain, Adams-aye. Motion carries.

B. IDAHO CITY EVENT CHECKLIST: **ACTION ITEM**

1. IDAHO CITY FIRE PROTECTION DISTRICT – 4TH OF JULY PARADE AND FIREWORKS

Chief Otter has reviewed and approved the Idaho City Fire Protection District 4th of July Parade and Fireworks. Elliott made a motion to approve the Idaho City Fire Protection District 4th of July Parade and Fireworks on July 4, 2022 from 9:30 am until midnight, seconded by Adams, 3 ayes.

C. BILLS/PAYABLES: JUNE 9, 2022 THROUGH JUNE 22, 2022 **ACTION ITEM**

Martin made a motion to pay the bills dated June 9, 2022, through June 22, 2022, in the amount of \$38,138.09, seconded by Elliott, 3 ayes.

II. PUBLIC HEARINGS

Items listed as public hearings allow citizen comment on the subject matter before the Council. Residents or visitors wishing to comment upon the item before the Council should follow the procedural steps. In order to testify, individuals must sign up in advance, providing sufficient information to allow the Clerk to properly record their testimony in the official record of the City Council. Hearing procedures call for presentation by the applicant, submission of information from City staff, followed by public testimony. **ACTION ITEM**

III. ENGINEER'S REPORT

1. MOUNTAIN WATERWORKS WATER RIGHTS UPDATES

No updates.

IV. OLD BUSINESS

V. NEW BUSINESS

1. COMMUNITY HALL REFUND – TONYA HEFFINGTON **ACTION ITEM**

Mayor Everhart recommended to return at least half of the Community Hall Rental Fee to Tonya Heffington due to her efforts in cleaning the hall prior to her event on May 28, 2022.

Elliott made a motion to refund Tonya Heffington \$83.48, half of the rental fee of \$166.95, for renting an unclean Community Hall, seconded by Adams, 3 ayes.

2. **COMMUNITY HALL CLEANING DEPOSIT FEE INCREASE ACTION ITEM**

The current refundable cleaning deposit for renting the Community Hall is \$50.00. Mayor Everhart suggested that the refundable cleaning deposit be increased to \$150.00 or \$200.00 to help ensure that the Community Hall is cleaned by those renting it and if it isn't cleaned this increase in the deposit amount covers the City's cost of the cleaning.

Martin made a motion to increase the cleaning deposit for Community Hall Rental to \$150.00, refundable upon verification that the hall was left reasonably clean, seconded by Adams, 3 ayes.

3. **PIONEER CEMETERY HISTORICAL TOURS – PTA AND THEATRE/PUBLICATIONS DEPARTMENT – IC MS/HS**

Dana Zoch, Idaho City Middle and High School Theatre and Publications teacher, would like the students in the Theatre program to conduct historical tours of the Pioneer Cemetery on October 28 and 29, 2022. Council expressed their support of this event. Dana Zoch will submit an event checklist at the next City Council meeting.

VI. ORDINANCES AND RESOLUTIONS

Ordinances and resolutions are formal measures considered by the City Council to implement policy which the Council has considered. Resolutions govern internal matters to establish fees and charges pursuant to existing ordinances. Ordinances are laws which govern general public conduct. Certain procedures must be followed in the adoption of both ordinances and resolutions; state law often establishes those requirements. **ACTION ITEM**

VII. COMMITTEE REPORTS

A. PARKS & RECREATION COMMISSION

No updates.

B. HISTORIC PRESERVATION COMMISSION

No updates.

C. PLANNING & ZONING COMMISSION

Planning and Zoning Clerk Ptak related that four committee positions will need to be renewed next month. An ad will be put in the paper for Letters of Intent. Planning and Zoning is considering a consent to annex application.

D. IDAHO CITY CHAMBER OF COMMERCE

No updates.

VIII. EXECUTIVE SESSION

Certain City-related matters may need to be discussed confidentially as a matter of law subject to applicable legal requirements; the Council may enter executive session to discuss such matters. **ACTION ITEM**

1. **EXECUTIVE SESSION TO DISCUSS THE ACQUISITION OF AN INTEREST IN REAL PROPERTY AND TO COMMUNICATE WITH COUNSEL ABOUT THE IMMINENTLY LIKELY LEGAL PROCEEDINGS UNDER IDAHO CODE SECTION 74-206(1)(c),(f)**

IX. EMPLOYEE UPDATES

A. PUBLIC WORKS

Mayor Everhart updated for Public Works Director Claus indicating that the pavement patching on Main Street is complete. The new system of repairing the potholes seems to be an improvement over previous methods. The grader has been repaired. The samples for the mud have been pulled and will go to the lab tomorrow. The rodeo grounds are ready for the event this weekend. Public Works Director Claus is requesting that when items are posted to the bulletin board for her that she also receives a text with the information. Weeds are being sprayed. The water tank is being placed in the dump truck so the roads can be watered for dust abatement. Temporary patches were done on Montgomery Street. The County has plans for permanent repairs to Montgomery Street next fiscal year.

B. LAW ENFORCEMENT

No updates.

C. CLERK/TREASURER'S OFFICE

The audit should be completed by the end of June and a special City Council meeting will need to be scheduled before June 30.

1. BUDGET UPDATES

Clerk Ptak presented the current budget.

2. WATER AND SEWER UPDATES, ACTION ITEM

The City police will serve additional legal papers to the Crawford property.

D. CITY ATTORNEY

No updates.

X. COUNCIL UPDATES

No updates.

XI. MAYOR UPDATES

Mayor Everhart attended the Association of Idaho Cities meeting. There is a lot of movement from DEQ and EPA as far as water and wastewater. There could be a lot of changes in the next few years. They are pushing towards restricting septic systems and having properties be connected to wastewater treatment facilities. It is believed that there will be funding opportunities available to cities for these updates. The Association of Idaho Cities is putting in a program that will be starting next year to bring the State Legislative Board Chairs to meetings with City and County staff to train on how the legislative process works and how bills that are proposed affect the cities.

XII. CITIZEN COMMENTS

This section of the agenda is reserved for citizens wishing to address the Council regarding City-related issues that are not on the agenda. To ensure adequate public notice, Idaho Law provides that any item requiring Council action must be placed on the agenda of an upcoming Council meeting, except for emergency circumstances. Comments related to future public hearings should be held for that public hearing. Repeated comments regarding the same or similar topics previously addressed are out of order and will not be allowed. Persons wishing to speak will have 5 minutes. Comments regarding performance by city employees are inappropriate at this time and should be directed to the mayor, either by subsequent appointment or after tonight's meeting, if time permitting.

1. Doug Pottenger – Would like to fix the parking lot at Season's. Mayor Everhart recommended that Pottenger contact Public Works Director Claus and Chief Otter to coordinate dates in order to cordon off the parking lot while repairs are being made and see if barricades are needed.
2. Chuck Maxwell – Inquiring if it is possible to run sewer lines to his property on Bear Run and Hill Road. If it isn't feasible to connect to city sewer, he needs documentation that will allow him to put in a septic system. Council informed Maxwell that he will need to first take his plans to Planning and Zoning for approval before presenting them to City Council. A water connection is not available for the property at this time due to the City's water moratorium.
3. Lisa Hanson – Would like to add a water soaking event to the end of the 4th of July Parade on Main Street. It would be an Idaho City Shootout Event with water guns. It would require that at least part of Main Street remain closed for additional time. City Attorney Callahan indicated that this event would not be covered by the existing Idaho City Parade Event Checklist's insurance policy. There would need to be a separate Event Checklist presented for this additional event that includes insurance and request for street closures. An event checklist could be prepared and presented at the Special City Council Meeting if one occurs before June 30, 2022.

MINUTES

CALL MEETING TO ORDER: Mayor Everhart called the meeting to order at 6:04 pm.

ROLL CALL: Martin, Elliott, Adams, and Secor were present.

PLEDGE OF ALLEGIANCE: Mayor Everhart led the pledge of allegiance.

Idaho Code 74-204 (4) An agenda may be amended after the start of a meeting upon a motion that states the reason for the amendment and states the good faith reason the agenda item was not included in the original agenda posting. Final action may not be taken on an agenda item added after the start of a meeting unless an emergency is declared necessitating action at that meeting. The declaration and justification shall be reflected in the minutes.

The Agenda needs to be amended for the following reason: Idaho City's water source Elk Creek is in imminent danger of being shut off because we have a priority date of 1945 and they are serving entities with a 1940 priority date. According to a letter from the District 63 Watermaster, in order to keep the water running we need to rent water from the rental pool. We are currently using roughly 20 acre-feet a month and are out of priority. In order to keep the water running the City will need to rent 80 acre-feet of water from the rental pool. The Watermaster has water set aside for Idaho City. A rental agreement needs to be filled out and sent to the Watermaster. It will cost the City a total of \$1600.00 for the remainder of the water season. This information was sent to Mayor Everhart on June 28, 2022.

Secor made a motion to amend the agenda to include item #3 under New Business - Resolution No. 2022-04 Water Bank Lease, Action Item, seconded by Martin

Secor-Aye, Adams-Aye, Elliott-Aye, Martin-Aye. Motion carries.

I. NEW BUSINESS

1. 2020-2021 AUDIT – BAILEY AND COMPANY – CASSIE ZATTIERO

Cassie Zattiero of Bailey and Company presented 2020/2021 audit and financial statement. A copy of the financial report will be available at City Hall.

Recommendations include:

- Bank Reconciliations are completed within two months following the end of the month.
- A councilmember reviews all bank reconciliations.
- Billing adjustments for water and sewer billings are consistently approved by a councilmember.

Councilmember Secor directed City Clerk Ptak to file the 2020/2021 audit with any necessary agencies on or before June 30, 2022.

2. BOCO FREEDOM BASH – LISA HANSON- IDAHO CITY EVENT CHECKLIST *ACTION ITEM*

Secor made a motion to approve the Idaho City Event Checklist for the BOCO Freedom Bash water gun fight on July 4, 2022, contingent upon Police Chief Otter's approval, seconded by Martin, 4 ayes.

3. RESOLUTION NO. 2022-04 WATER BANK LEASE ACTION ITEM

Mike Meyers, Watermaster from Water District 63 explained that the City of Idaho City's priority date for water rights is 1945 and right now they are serving entities with a 1940 date, so the City can not obtain water rights from this source right now. We can lease water from another source at Lucky Peak storage on a rental basis that would cost \$1600.00 for the remainder of the water season, ending in October 31, 2022.

Meyers believes that a more permanent water rights source was located on the Mores Creek drainage with an 1863 priority date and would like to contact the City Water Rights Attorney and City Water Engineer to negotiate the details.

Secor made a motion to approve Resolution No. 2022-04 Water Bank Lease to lease temporary water from the water pool in the sum of \$1600.00 for the term ending October 31, 2022, Martin seconded. Secor-Aye, Adams-Aye, Elliott-Aye, Martin-Aye. Motion carries.

SHORT FORM OF AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

THIS IS AN AGREEMENT effective as of June 22, 2022 ("Effective Date") between City of Idaho City, Idaho ("Owner") and Mountain Waterworks, Inc. ("Engineer").

Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as follows: Idaho City 2022 Drinking Water Facility Plan ("Project").

Engineer's services under this Agreement are generally identified as follows: The Engineer will complete a Drinking Water Facility Plan (Facility Plan) for water system improvements per Idaho Department of Environmental Quality (IDEQ) Drinking Water Rules, as presented in IDAPA 58.01.08 and 58.01.22. The Facility Plan will generally follow IDEQ Form 5-A and be finalized based on the Owner's selected alternative. The alternatives will include an evaluation of the sustainable (green) infrastructure components as outlined in Section II.C of the City's IDEQ FY23 Letter of interest submittal. Upon alternative selection, the Engineer will consult with IDEQ staff to determine the proper level of environmental review. The environmental review process will follow IDEQ Form 5-8 and processes outlined in the IDEQ Drinking Water Handbook.] ("Services").

Owner and Engineer further agree as follows:

1.01 *Basic Agreement and Period of Service*

- A. Engineer shall provide or furnish the Services set forth in this Agreement. If authorized by Owner, or if required because of changes in the Project, Engineer shall furnish services in addition to those set forth above ("Additional Services").
- B. Engineer shall complete its Services within the following specific time period: A technical draft Facility Plan will be submitted to IDEQ within six (6) months from the effective date of this Agreement. If no specific time period is indicated, Engineer shall complete its Services within a reasonable period of time.
- C. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's Services is impaired, or Engineer's Services are delayed or suspended, then the time for completion of Engineer's Services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably.

2.01 *Payment Procedures*

- A. *Invoices:* Engineer shall prepare invoices in accordance with its standard invoicing practices and submit the invoices to Owner on a monthly basis. Invoices are due and payable within 30 days of receipt. If Owner fails to make any payment due Engineer for Services, Additional Services, and expenses within 30 days after receipt of Engineer's invoice, then (1) the amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day, and (2) in addition

Engineer may, after giving seven days written notice to Owner, suspend Services under this Agreement until Engineer has been paid in full all amounts due for Services, Additional Services, expenses, and other related charges. Owner waives any and all claims against Engineer for any such suspension.

- B. **Payment:** As compensation for Engineer providing or furnishing Services and Additional Services, Owner shall pay Engineer as set forth in Paragraphs 2.01, 2.02 (Services), and 2.03 (Additional Services). If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so, may withhold only that portion so disputed, and must pay the undisputed portion.

2.02 Basis of Payment—Lump Sum

- A. Owner shall pay Engineer for Services as follows:

1. A Lump Sum amount of \$[50,000].
2. In addition to the Lump Sum amount, reimbursement for the following expenses: [None]

- B. The portion of the compensation amount billed monthly for Engineer's Services will be based upon Engineer's estimate of the percentage of the total Services actually completed during the billing period.

- 2.03 **Additional Services:** For Additional Services, Owner shall pay Engineer an amount equal to the cumulative hours charged in providing the Additional Services by each class of Engineer's employees, times standard hourly rates for each applicable billing class; plus reimbursement of expenses incurred in connection with providing the Additional Services and Engineer's consultants' charges, if any. Engineer's standard hourly rates are attached as Appendix 1.

3.01 Termination

- A. The obligation to continue performance under this Agreement may be terminated:

1. For cause,
 - a. By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the Agreement's terms through no fault of the terminating party. Failure to pay Engineer for its services is a substantial failure to perform and a basis for termination.
 - b. By Engineer:
 - 1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional; or
 - 2) upon seven days written notice if the Engineer's Services are delayed for more than 90 days for reasons beyond Engineer's control, or as the result of the presence at the Site of undisclosed Constituents of Concern, as set forth in Paragraph 5.01.I.
 - c. Engineer shall have no liability to Owner on account of a termination for cause by Engineer.

- d. Notwithstanding the foregoing, this Agreement will not terminate as a result of a substantial failure under Paragraph 3.01.A.1.a if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt of notice; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. For convenience, by Owner effective upon Engineer's receipt of written notice from Owner.

- B. In the event of any termination under Paragraph 3.01, Engineer will be entitled to invoice Owner and to receive full payment for all Services and Additional Services performed or furnished in accordance with this Agreement, plus reimbursement of expenses incurred through the effective date of termination in connection with providing the Services and Additional Services, and Engineer's consultants' charges, if any.

4.01 Successors, Assigns, and Beneficiaries

- A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 4.01.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators, and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.
- B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.
- C. Unless expressly provided otherwise, nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

5.01 General Considerations

- A. The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer. Subject to the foregoing standard of care, Engineer and its consultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

- B. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor shall Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Project site, nor for any failure of a Constructor to comply with laws and regulations applicable to such Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.
- C. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform its work.
- D. Engineer's opinions (if any) of probable construction cost are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual construction cost will not vary from opinions of probable construction cost prepared by Engineer. If Owner requires greater assurance as to probable construction cost, then Owner agrees to obtain an independent cost estimate.
- E. Engineer shall not be responsible for any decision made regarding the construction contract requirements, or any application, interpretation, clarification, or modification of the construction contract documents other than those made by Engineer or its consultants.
- F. All documents prepared or furnished by Engineer are instruments of service, and Engineer retains an ownership and property interest (including the copyright and the right of reuse) in such documents, whether or not the Project is completed. Owner shall have a limited license to use the documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all Services and Additional Services relating to preparation of the documents and subject to the following limitations:
 - 1. Owner acknowledges that such documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;
 - 2. any such use or reuse, or any modification of the documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and consultants;
 - 3. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and consultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the documents without written verification, completion, or adaptation by Engineer; and
 - 4. such limited license to Owner shall not create any rights in third parties.

- G. Owner and Engineer may transmit, and shall accept, Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with a mutually agreeable protocol.
- H. To the fullest extent permitted by law, Owner and Engineer (1) waive against each other, and the other's employees, officers, directors, members, agents, insurers, partners, and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, and (2) agree that Engineer's total liability to Owner under this Agreement shall be limited to \$100,000 or the total amount of compensation received by Engineer, whichever is greater.
- I. The parties acknowledge that Engineer's Services do not include any services related to unknown or undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an unknown or undisclosed Constituent of Concern, then Engineer may, at its option and without liability for consequential or any other damages, suspend performance of Services on the portion of the Project affected thereby until such portion of the Project is no longer affected, or terminate this Agreement for cause if it is not practical to continue providing Services.
- J. Owner and Engineer agree to negotiate each dispute between them in good faith during the 30 days after notice of dispute. If negotiations are unsuccessful in resolving the dispute, then the dispute shall be mediated. If mediation is unsuccessful, then the parties may exercise their rights at law.
- K. This Agreement is to be governed by the law of the state in which the Project is located.
- L. Engineer's Services and Additional Services do not include: (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission; (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances; (3) providing surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements; or (4) providing legal advice or representation.

6.01 *Total Agreement*

- A. This Agreement (including any expressly incorporated attachments), constitutes the entire agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.

Definitions

- B. **Constructor**—Any person or entity (not including the Engineer, its employees, agents, representatives, and consultants), performing or supporting construction activities relating to the Project, including but not limited to contractors, subcontractors, suppliers, Owner's work forces, utility companies, construction managers, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

- C. *Constituent of Concern*—Asbestos, petroleum, radioactive material, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. (“CERCLA”); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5101 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. (“RCRA”); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, State, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

C. Reimbursable Expenses Schedule:

1. Current agreements for engineering services stipulate that the Reimbursable Expenses are subject to review and adjustment annually. Reimbursable expenses for services performed on the date of the Agreement are:

<u>Plan Sheet Copies</u>	<u>\$0.50 /sq. ft.</u>
<u>Reproducible Black and White Copies (Paper).....</u>	<u>\$0.25 /copy</u>
<u>Reproducible Color Copies (Paper).....</u>	<u>\$0.95 /copy</u>
<u>Equipment Rental</u>	<u>Negotiated per Project</u>
<u>Other Direct Costs</u>	<u>At Cost Plus 10%</u>

Notes:

- The above hourly rates will be adjusted on an annual basis, effective January 1 of each year.
- Mileage is billed at the current rate approved by the IRS.
- All sub-consultant fees, laboratory costs, and application fees are billed at cost to projects plus 10% percent.

Scope of Work
City of Idaho City
2022 Drinking Water Facility Plan

BACKGROUND

The City of Idaho City, Idaho owns and operates a public drinking water system (PWS) in the rural, mountain community 41 miles northeast of Boise in Boise County. The PWS serves close to 500 year-round residents and several businesses totaling 255 service connections. The PWS is comprised of a surface water intake at Elk Creek, slow sand treatment plant, two groundwater wells and groundwater treatment facility, two storage tanks, and several miles of transmission and distribution main. In 2009, the City hired Pharmer Engineering to complete a facility plan to evaluate the existing system, detail system deficiencies, and develop alternatives to address system deficiencies. To date, the City passed a revenue bond, completed several improvements projects (including the construction of two new groundwater wells and associated treatment plant), proactively increased customer rates, and collaborated with the Idaho Department of Environmental Quality (IDEQ), USDA Rural Development (USDA), the Idaho Department of Commerce (Commerce), and the Environmental Protection Agency (EPA) to procure financing and grant funding to complete the selected PWS improvements projects.

However, in the 2009 planning document, the City's existing Elk Creek intake gallery was not considered during the development of project alternatives. The intake was merely discussed relative to the slow sand filters alternative in the planning document. Several events, including three natural disasters (2015 snowfall, 2016 flooding, and 2020 seismic activity) have reduced intake gallery's ability to achieve sustained peak demands, impacting sustained service and fire flow requirements per IDAPA 58.01.08. Given the elevated turbidity levels that persist and cause boil water advisories from time to time, the proposed facility plan is necessary to evaluate improvements to the Elk Creek intake.

In addition, the previously selected alternative of adding two additional groundwater wells did not include a discussion on the City's existing water rights. The two groundwater wells that were recently placed online can provide additional capacity, but the wells have limited capacity, and currently only one well is equipped to supply water to the system. Thus, an evaluation of the City's source of supply, both groundwater and surface water, is also necessary.

SCOPE

Mountain Waterworks, Inc. will complete a Drinking Water Facility Plan in accordance with Idaho Department of Environmental Quality, Form 5-A, Form 5-B and in accordance with IDAPA 58.01.08, *Idaho Rules for Public Drinking Water Systems*. The Drinking Water Facility Plan will include the following components:

- Existing Conditions Summary
- Future Conditions Evaluation
- Alternative Development
- Final Alternative Screening
- Public Hearing
- Recommended Alternative Implementation

The Facility Plan will include a variety of green infrastructure and sustainability components such development of a capital improvement plan, rate study based on full-cost pricing, drought resiliency, and source water protection efforts.

ENGINEERING TASKS AND ESTIMATED BUDGET

Facility Plan Tasks	Estimated Fees
Task 1 – Existing Conditions Summary	\$7,000
Task 2 - Future Conditions Evaluation	\$6,500
Task 3 - Alternative Development	\$14,000
Task 4 - Final Alternative Screening	\$9,500
Task 5 - Public Meeting	\$3,000
Task 6 - Recommended Alternative Implementation	\$7,000
Task 7 - Environmental Review	\$3,000
Estimated Facility Plan Budget	\$50,000

ANTICIPATED SCHEDULE

- **July 2022**
 - Consult with City operations and administrative staff
 - Commence onsite investigations
 - Document existing facility conditions
- **August 2022 – September 2022**
 - Continue onsite investigations
 - Develop facility alternatives
- **October 2022**
 - Provide draft Facility Plan for City review
 - Incorporate City comments into draft Facility Plan
 - Submit technical draft Facility Plan to IDEQ for technical approval

- **November 2022 – December 2022**
 - Develop environmental review process
 - Hold public meeting to review technically approved draft Facility Plan
 - Gather public comments during comment period
- **January 2023**
 - Incorporate public comments into final Facility Plan
 - Submit final Facility Plan for IDEQ approval

City of Idaho City
Submitted electronically via email

Dear Mayor and City Council,

Mountain Waterworks has worked with the City to successfully complete the reverse osmosis groundwater treatment project, which is now producing potable water for the City's public water system. The construction phase of the project was completed on budget with minimal change orders totaling \$5,726 out of an initial contract amount of \$210,000. Idaho Department of Environmental Quality (IDEQ) funding staff has confirmed there is a total of \$4,839 remaining in the City's State Revolving Fund (SRF) package.

While Mountain Waterworks has completed the engineering of the water project largely within the original scope and budget, we are currently holding \$7,879 of non-invoiced time related to completion of the Operation and Maintenance Manual update and the record drawings for the project, including addressing IDEQ-requested revisions and clarifications to the documents. Due to the complexity of the reverse osmosis system and its integration into the existing water infrastructure, completion of this task has required greater effort than initially anticipated.

To obtain compensation within the limits of the City's available funding package, Mountain Waterworks proposes to transfer the remaining \$4,839 of SRF money into the engineering contract through Amendment No. 1 to the engineer-owner agreement. Mountain Waterworks will write off the remaining \$3,059 of our held time, allowing closeout of both the reverse osmosis project and the SRF funding package.

If this approach is acceptable to the City, please have the Mayor sign and date the attached change order documentation (Exhibit K) and send an electronic copy back to our office.

We appreciate the opportunity to support the City to complete this challenging project and look forward to our continued relationship.

Sincerely,

Mountain Waterworks

AMENDMENT TO OWNER-ENGINEER AGREEMENT
Amendment No. 1

The Effective Date of this Amendment is: 06/24/2022.

Background Data

Effective Date of Owner-Engineer Agreement: 10/12/2020

Owner: City of Idaho City

Engineer: Mountain Waterworks

Project: 2020 Drinking Water Improvements Project

Nature of Amendment:

 x Modifications of payment to Engineer

Description of Modifications:

The modifications to the owner-engineer agreement are described in the letter to which this Exhibit K is attached. The amendment amount will be added to the Additional Services budget.

Agreement Summary:

Original agreement amount:	\$97,500
Net change for prior amendments:	N/A
This amendment amount:	\$4,839.63
Adjusted Agreement amount:	\$102,339.63

Change in time for services (days or date, as applicable): _____

The foregoing Agreement Summary is for reference only and does not alter the terms of the Agreement, including those set forth in Exhibit C.

Owner and Engineer hereby agree to modify the above-referenced Agreement as set forth in this Amendment. All provisions of the Agreement not modified by this or previous Amendments remain in effect.
