XII. CITIZEN COMMENTS

This section of the agenda is reserved for citizens wishing to address the Council regarding City-related issues that are not on the agenda. To ensure adequate public notice, Idaho Law provides that any item requiring Council action must be placed on the agenda of an upcoming Council meeting, except for emergency circumstances. Comments related to future public hearings should be held for that public hearing. Repeated comments regarding the same or similar topics previously addressed are out of order and will not be allowed. Persons wishing to speak will have 5 minutes. Comments regarding performance by city employees are inappropriate at this time and should be directed to the mayor, either by subsequent appointment or after tonight's meeting, if time permitting.

Steve Shay asked, what is the long-term plan with the city streets. Councilor Secor explained that there are a lot of sewer issues on Montgomery and there is currently a water project underway. After those are completed the goals is to repave. Mayor Everhart added that the city does not have the funds to repave the streets and so when the time comes the city will need to pursue grants to provide that funding. With the current projects underway it does not make sense to pave when it will potentially be torn up for water and or sewer repairs. Mayor Everhart explained that in the short term there is a plan to help improve Montgomery and other areas. Discussion on grants and funding ensued.
