Pursuant to section 53-524, Idaho Code and in compliance with 53-2220, Idaho Code, we hereby submit the following budget request which is necessary to meet our approved requirements for the year 2009-10. We hereby respectfully request that the Board of County Commissioners fix respective levies that when applied to the current Real and Personal Property Assessment Rolls including operating property plus the Subsequent Property Assessment Rolls for the preceding year, reflecting unexpected major adjustments in such rolls for the current tax year as may be necessary (estimated market valuation), this approved budget will be produced. "Unencumbered Fund Balance" is interpreted as meaning the net worth of all financial assets forecast to be on hand at the beginning of the fiscal year and not expressly required to sustain the estimated obligations of the district or funding authority.

SUMMARY OF ORDINANCE NO. 201

FLOOD DAMAGE PREVENTION ORDINANCE

The purpose of Ordinance No. 201 is to minimize public and private losses due to flood conditions in specific areas in Idaho City by providing for methods of reducing flood losses. The Ordinance sets forth definitions of appeal, area of shallow flooding, area of special flood hazard, base flood, development, flood, flood insurance rate map, flood insurance study, floodway, lowest floor, manufactured home, manufactured home park or subdivision, new construction, start of construction, structure, substantial improvement and variance. The Ordinance applies to all areas of special flood hazards within Idaho City according to the flood insurance study for the City of Idaho City with accompanying flood insurance maps which are on file at Idaho City Hall. Violation of the provisions of the Ordinance by failure to comply with any of its requirements shall constitute a misdemeanor subject to a fine of not more than \$300 or imprisonment for not more than thirty (30) days or both plus court costs and expenses. The Ordinance provides that a development permit shall be obtained before construction or development within any area of special flood hazard which permit process shall be administered by the Watermaster. The permit applies to manufactured homes including mobile homes. Appeal of the Watermaster's decision or application for a variance may be made to the Idaho City council according to the procedures and conditions set forth in the Ordinance. As provisions for flood hazard reduction, the Ordinance requires that standards be met as to anchoring of structures, construction materials and methods, utilities, subdivision proposals, and review of building permits. Specific standards are provided for floodproofing residential and non-residential structures and manufactured homes.

The effective date of Ordinance No. 201 is

ORDINANCE NO. 201

AN ORDINANCE REPEALING ORDINANCE NO. 148 AND PROVIDING FOR THE PREVENTION OF FLOOD DAMAGE.

Be it ordained by the Mayor and City Council of the City of Idaho City, Idaho that Ordinance No. 148 shall be repealed and that the following shall be adopted as the Flood Damage Prevention Ordinance effective 12-18-87;

SECTION 1.0

STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE AND OBJECTIVES

1.1 STATUTORY AUTHORIZATION

The legislature of the State of Idaho has in the Idaho Code delegated the responsibility to local governmental units to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the Mayor and City Council of the City of Idaho City, Idaho do ordain as follows:

1.2 FINDINGS OF FACT

- (1) The flood hazard areas of Idaho City are subject to periodic inundation which results in loss of life and property, health, and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety and general welfare.
- (2) These flood losses are caused by the cumulative effect of obstructions in areas of special flood hazards which increase flood heights and velocities, and when inadequately anchored, damage uses in other areas. Uses that are inadequately floodproofed, elevated, or otherwise protected from flood damage also contribute to the flood loss.

1.3 STATEMENT OF PURPOSE

It is the purpose of this ordinance to promote the public health, safety, and general welfare, and to minimize public and private losses due to flood conditions in specific areas by provisions designed:

- (1) To protect human life and health.
- (2) To minimize expenditure of public money and costly flood control projects;
- (3) To minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
- (4) To minimize prolonged business interruptions;
