the minimum limits of insurance as set forth herein be increased above \$1,000,000, pursuant to the Idaho Tort Claims Act (Idaho Code Section 6-901 et. seq.) or any similar legislation, the Grantee shall be required to provide the City with a new Certificate of Insurance evidencing the higher limits upon the City's request.

SECTION 8. The electric service to be furnished to the public hereunder, and all rates and charges therefor, and all regulation of the Grantee hereunder, shall at all times be subject to all rules, regulations and orders that may be lawfully prescribed by the Idaho Public Utilities Commission or by any other governmental authority now or hereafter having jurisdiction over such matters. During the term of this franchise, Grantee shall at all times assure that customers within the City have access to customer service from the Grantee as required by the Idaho Public Utilities Commission.

SECTION 9. As compensation for the right, privilege and franchise hereby granted, Grantee agrees to pay to the City on or before the 30th day of January, April, July and October, an amount equivalent to one percent (1%) of Grantee's "gross revenues" for the preceding calendar quarter. For purposes of this Section, "gross revenues" shall mean the amount of money billed by the Grantee for the electricity it sells within the corporate limits of the City to customers, less uncollectibles. The City shall provide appropriate information to the Grantee to allow the Grantee to identify which of its customers are located within the corporate limits of the City for purposes of paying franchise fees. Grantee shall not be responsible for any failure to pay franchise fees which results from deficiencies in such information provided by the City. In the event the City annexes a new area into its corporate limits, the terms of this Section 9 regarding franchise fees shall not apply to the annexed area until sixty (60) days after the City has supplied the Grantee with appropriate information for the identification of the Grantee's customers within the annexed area.

The Grantee's franchise fee payment obligations hereunder shall commence with the start of the Grantee's first full billing cycle following the effective date of this ordinance; provided, that the Grantee must first receive approval from the Idaho Public Utilities Commission for the collection of the franchise fee in the rates charged by Grantee.

SECTION 10. The City shall have the right during the term of this franchise agreement to increase the franchise fee hereunder up to three percent (3%), by obtaining approval of a majority of voters of the City voting on the question at an election held in accordance with chapter 4, title 50, Idaho Code. Any such vote to increase the franchise fee hereunder shall provide that the increased franchise fee will apply to any electric service provider (other than the City) who utilizes the City's streets, alleys or other public places to provide electrical service within the City, during the term of this franchise agreement.

SECTION 11. The Grantee shall keep accurate books of account for the collection of the franchise fees hereunder and the City shall have the right to inspect the same at all times during business hours, and from time to time audit the same for the purpose of determining gross revenues under Section 9 above.

SECTION 12. The franchise fees paid by the Grantee hereunder will be in lieu of and as payment for any tax or fee imposed by the City on the Grantee by virtue of its status as a public utility including, but not limited to, taxes, fees or charges related to easements, franchises, rights-of-way, utility lines and equipment installation, maintenance and removal during the term of this franchise agreement.

SECTION 13. The Grantee shall have the right and privilege, insofar as the City is able to grant the same, in accordance with National Arborist Association standards, of the pruning of all trees which overhang the present and future streets, alleys, highways and other public places within the corporate limits of the City, in such a manner and to such extent as will prevent the branches or limbs or other parts of such trees from touching or interfering with its wires, poles and other fixtures and equipment. However, except in an emergency, no pruning shall be undertaken without giving the occupant of the adjacent property written or oral notice that such pruning will be performed.

SECTION 14. In consideration of Grantee's undertaking hereunder as evidenced by its acceptance hereof, the City agrees not to engage in the business of providing electric service during the life of this franchise or any extension thereof in competition with the Grantee, its successors and assigns; but nothing herein contained shall be construed or deemed to prevent the City from exercising at any time any power of eminent domain granted to it under the laws of the State of Idaho. The City shall not grant a franchise to another electric service provider during the term of this franchise agreement unless the electric service provider has received approval to provide electrical service within the City from the Idaho Public Utilities Commission, and the City has imposed the same franchise fee on the electric service provider as paid by the Grantee.

SECTION 15. In the event of an amendment to the laws, rules or regulations of the City of Idaho City, the State of Idaho or the Public Utilities Commission of Idaho applicable to this franchise, or for periodic review of any section of this agreement, the terms of this franchise and the rights and privileges hereby conferred may be changed, altered, amended or modified upon mutual agreement between the City and the Grantee. In all cases, 60 days notice shall be required on the part of City or Grantee to reopen the agreement pursuant to this section.

SECTION 16. Any violation by the Grantee of the provisions of this ordinance, franchise and grant or any material portions thereof or the failure promptly to perform any of the provisions thereof shall be cause for the forfeiture of this franchise and grant and all rights hereunder by the City after sixty (60) days' written notice to the Grantee and the continuance of such violation, failure or default; however, this provision shall not prevent the Grantee from submitting such question of violation or forfeiture to the appropriate forum (which may include the district court having jurisdiction or the Idaho Public Utilities Commission) for determination.

SECTION 17. Sale, assignment or lease of this franchise is prohibited without notification to the City.

SECTION 18. The Grantee shall assume the cost of publication of this franchise as such publication is required by law.

SECTION 19. The Grantee shall within thirty (30) days after final passage of this ordinance, file with the City Clerk its acceptance of this franchise in writing signed by its proper officers and attested by its corporate seal.

SECTION 20. The existing franchise agreement between the City and Grantee set forth in Ordinance No. 43 dated February 6, 1947, shall terminate upon the adoption and acceptance of this ordinance.

SECTION 21. Inasmuch as the Grantee has constructed and now is maintaining and operating the electric utility property and facilities in and upon the streets, alleys, highways, and public places in the City, it is hereby adjudged and declared that this ordinance is necessary for the preservation of the public peace, health and safety, and therefore this ordinance shall take effect on July 9, 1996.
